

TEN CENTS A WEEK

Mobile, Sept. 20.—A special train from Mt. Vernon, Ala., to the Itchen saw mill, carrying a log train on the Tombigbee railroad, struck a calf yesterday morning. Ten or 12 cars of logs were derailed. Willis Johnson, head brakeman, was killed. The accident occurred between Fairford and Calvert, 45 miles from Mobile.

WALDO MAY HAVE BIG CIGAR FACTORY

Sumored That Movement Is On
Foot to Organize Company

WITH \$25,000 CAPITAL STOCK

Citizens of Waldo and Vicinity Will be
Principal Stockholders—Proposed to
Employ Large Number of Hands.
Big Thing for That Town.

It is rumored that a movement is on
foot, and is meeting with success, to
establish a large cigar factory at Wal-
do. It is said that a stock company
will be organized with a paid in capital
of \$25,000, and that it will be the pur-
pose of the company to employ a large
number of hands and to produce only
the highest class of goods.

The company, as far as can be heard,
will be composed largely of citizens of
Waldo and vicinity, with an occasional
sprinkling in Gainesville. The move-
ment is headed by John P. Entenza,
who has, since the death of his father,
conducted the business of the El Toney
factory at Waldo in a most creditable
and successful manner. Mr. Entenza,
who is an energetic young man and him-
self a cigar-maker, has demon-
strated that the industry can be car-
ried on profitably upon a small scale
and has induced sufficient capital to
enter into the business more exten-
sively, the demand for his products
having necessitated the manufacture
on a larger plan. The products of El
Toney factory have gained a reputa-
tion which created the demand, and
should the proposed venture material-
ize it would mean the increase in Wal-
do's commerce several hundred dollars
a week.

THE YELLOW FEVER.

One New Case at Pensacola—Only One
Death at New Orleans.

Pensacola, Sept. 20—Total number
of cases, 44; total deaths, 9; one new
case. There are three cases under
treatment and 82 discharged. Dr. Por-
ter says the situation is very encour-
aging.

At New Orleans.

New Orleans, Sept. 20—From 8 p. m.
yesterday up to noon today there were
15 new cases and one death. Under the
circumstances this is a most favorable
showing.

Elsewhere.

At Leeville, La., the fever is nearly
wiped out. It was as bad there as at
any place.

The postmaster at Natchez, Miss., is
down with yellow fever, the first case
in the fashionable neighborhood.

Beautiful Women.

Plump cheeks, flushed with the soft
glow of health and a pure complexion,
make all women beautiful. Take a
small dose of Herbine after each meal;
it will prevent constipation and help
digest what you have eaten. Mrs. Wm.
M. Stroud, Midlothian, Tex., writes,
May 31, 1901: "We have used Herbine
in our family for eight years, and
found it the best medicine we ever
used for constipation, bilious fever and
malaria." Sold by W. M. Johnson.

A Dangerous Insect.

Editor C. P. Setzer of The High
Springs Hornet brought a stinger to
this city Tuesday. It was not his Hor-
net stinger, but something a great
deal more dangerous, and, unlike The
Hornet, will sting without warning—
something Brother Setzer has never
done without putting a fellow on
guard.

This stinger is what is known as the
grampus, a bug which is found in de-
cayed wood. The grampus grows to be
about six inches in length, and resem-
bles the bug which assembles about an
electric light. It possesses a
stinger which is said to produce a more
deadly poison than a rattlesnake, for
no victim has never been known to re-
cover after being stung.

This grampus was captured in a de-
cayed log on the outskirts of High
Springs by a colored man. It was a
small one, being about two inches in
length. Editor Setzer secured posses-
sion of the bug, placed it in alcohol and
brought it to Gainesville, where it can
be seen at the jewelry store of L. A.
Jernigan.

LOCHLOOSA LACONICS.

Notes of a Personal Character Which
Will Prove Interesting.

Lochloosa, Sept. 20—Mrs. Jordan of
Pine was a visitor to relatives, Mr.
and Mrs. McEwen, and returned home
Sunday.

Mrs. S. F. McEwen left Thursday for
Coleman, where she will spend awhile
with friends.

J. P. Tompkins, who has been away
in the picture-taking business, arrived
home Friday.

The weather is clearing up again
now, so as the people can go to pick-
ing cotton again.

A. K. Wade, Jr., made a flying trip
to Citra Saturday, and returned Sun-
day accompanied by his mother.

C. D. Sanders of McIntosh made a
short call to our city Saturday.

A. Morrison of Island Grove at-
tended court here Monday.

I. C. Cochran and son, J. A. Coch-
ran, returned home Monday after a
visit to children at Orange Heights.

Abscess.

Abscesses, with few exceptions, are
indicative of constipation or debility.
W. H. Harrison, Cleveland, Miss.,
writes, Aug. 15, 1902: "I want to say
a word of praise for Ballard's Snow
Liniment. I stepped on a nail, which
caused the cords in my leg to contract
and an abscess to rise in my knee, and
the doctor told me that I would have a
stiff leg, so one day I went to J. F.
Lord's drug store (who is now in Den-
ver, Colo.) He recommended a bottle
of Snow Liniment: I got a 50c size,
and it cured my leg. It is the best
liniment in the world." Sold by W.
M. Johnson.

Death at McIntosh.

Dr. T. F. Thomas and J. W. Alsop
returned Wednesday from McIntosh,
where they went to prepare for ship-
ment to the old home of the deceased
in Talbotton, Ga., the remains of Mrs.
M. A. Mitchell, who died Tuesday af-
ternoon of paralysis in the sixty-eighth
year of her age.

Deceased was a sister of Mrs. L. M.
Baldwin, proprietress of the hotel at
McIntosh, and has been in Florida sev-
eral years. She was a lady of fine dis-
position, and had a large circle of
friends in the section in which she
lived.

The remains were shipped to Georg-
ia Wednesday afternoon.

Devoured by Worms.

Children often cry, not from pain,
but from hunger, although fed abun-
dantly. The entire trouble arises from
inaction; their food is not assimilat-
ed, but devoured by worms. A few
doses of White's Cream Vermifuge
will cause them to cease crying and
begin to thrive at once, very much to
the surprise and joy of the mother.
Sold by W. M. Johnson.

Attention, Elks.

The regular weekly meeting of
Gainesville Lodge No. 990, Benevolent
and Protective Order of Elks, will
be held in Masonic Hall tonight at
8 o'clock. There will be plenty of
work, and the desert sands are in good
condition. A full attendance is de-
sired. Visiting brothers welcomed.

Got Off Cheap.

He may well think he has got off
cheap who, after having contracted
constipation or indigestion, is still able
to perfectly restore his health. Noth-
ing will do this but Dr. King's New
Life Pills. A quick, pleasant and cer-
tain cure for headache, constipation,
etc. 25c at all drug stores; guaranteed.

ITEMS FROM HAGUE.

Death of a Little Boy—Improvements
Notes of Personal Interest.

Hague, September 20—We have been
having very much rain, but now we
hope to have a few days of good fair
weather on account of cotton, which is
opening very fast, considering the bad
weather.

R. W. Small is putting wire fencing
around all his plantation. It will help
the looks of our little town, as he has a
large field south of the depot.

Miss Minnie Small is visiting her pa-
rents, Mr. and Mrs. R. W. Small. She
will go back to Trenton in a week or so.
Her many friends were glad to have
her with them.

On August 22d little Jimmie Cullen
departed this life for a brighter world
above. He was a bright and warm-
hearted little lad of four years. All
who saw the little lad admired him,
and even the negroes would bow to
little "Mars Jim," as they called him.
He was loved by all.

Railroad Granted a Charter.

Atlanta, Sept. 20.—The Wroton, Ha-
lehurst and Savannah Railroad com-
pany has been granted a charter by
Secretary of State Philip Cook. This
company proposes to construct a line
128 miles in length from the town of
Osterfield, in Irwin county, through
the counties of Coffee, Appling, Tat-
tall, Liberty and Bryan to Savannah,
in Chatham county.

Strikers Return to Work.

New York, Sept. 20.—A strike of the
packing box makers' union, declared
three weeks ago in a large number of
factories in Greater New York, was
called off yesterday. The men had de-
manded a 9-hour day, but were in-
structed to go back on any terms they
could obtain from the employers.

CONSUMPTION

ANOTHER IMPORTANT NAVAL STORES DEAL

Immense Turpentine Farm of J. B. McDonald Changes Hands.

23 CROPS ARE IN OPERATION

The Farm, Situated in the Vicinity of Fairbanks, is One of the Largest and Most Profitable in the County—D. E. Godwin, Manager.

Another deal of more than ordinary importance in naval stores circles has been consummated in this city. C. W. Chase having purchased from J. B. McDonald his immense naval stores interests situated at Fairbanks, and embracing an area of several thousand acres of fine timber, and twenty-three crops in operation. This is one of the most extensive and has proved one of the most profitable turpentine farms in the county. It was established about five years ago by B. F. McCall, who, after working the same a couple of years, sold the property to J. B. McDonald & Co. Mr. McDonald acquired eventually the entire business, and has been operating it continuously until the transfer was made to Mr. Chase.

Mr. Chase, the purchaser of this farm, is president of the Dutton Phosphate Company, who are among the most extensive miners of high-grade phosphate rock in the United States. He has always been active in building up the commercial interests of this section of the State, and to his excellent business management is largely due the magnificent success of that firm. Always conservative in his business ideas and views, his associates hold his opinion in confidence, and he is regarded as one of the safest directors of large business affairs in the State.

Mr. McDonald could not be seen by the reporter, hence it is not known what his future plans will be, but it is reported that he will engage in business in Denver, Colo.

D. E. Godwin has been installed as manager of this property.

A NEW APPOINTMENT.

Rev. J. B. Holley Will Assume Pastorate of Augusta Church.

The Augusta Chronicle of recent date states that Rev. J. B. Holley, formerly of this city, but now pastor of the Baptist church in Bamberg, S. C., has accepted a unanimous call of the congregation of the Second Baptist Church of Augusta. Mr. Holley will resign his Bamberg charge next Sunday, and will assume the pastorate at Augusta immediately.

The appointment is a good one. The church has a membership of 500, and has on foot a movement looking towards the erection of a \$25,000 edifice. Friends of Mr. Holley in this city and State will congratulate him.

Surveying Party Returns.

Surveyor Chas. S. Hill, Benj. P. Richards Jr., Ralph Parrish and J. Mesty Taylor returned yesterday from the Withlacoochee river country, where they have been for the past few weeks engaged in surveying large tracts of land for the Cummer Lumber Company. The Cummer Company owns immense bodies of fine timber throughout that section, and with possessions in other parts of the State keeps the surveying party constantly engaged.

Off to the Pen.

Manager D. E. Godwin of the turpentine camp at Fairbanks took to the camp Wednesday two prisoners, J. D. Thomas, convicted in Justice Henderson's court for carrying concealed weapons, and Will Wright, convicted before Justice Caswell upon a charge of larceny. Thomas will be required to serve six months, while Wright got off light, being sentenced to only two months.

Notorious Crackman Dead.

New York, Sept. 20.—Chas. Edwards, notorious crackman, was found dead Monday in a stable. The kick of a horse had torn the top of his head off. Edwards was a member of the famous Jimmy Hope gang and was known as the "second story" Edwards. He had been in jail 25 times, several times being for burglary. He was also a noted trickster, having traveled all over the country with various schemes, and has often amused children by sticking needles and pins into his body and eating them. His widow and three children claim the body and it is being held in the potters' field.

MOZLEY'S LEMON ELIXIR

REGULATES THE LIVER, STOMACH, BOWELS, KIDNEYS.

The inventor of the famous "TERRELL SCRAPE," a man known wherever plows are sold and used, says:

"I have used MOZLEY'S LEMON ELIXIR for 10 or 12 years in my family for the stomach, liver and kidneys, and find it is the best medicine I have ever used. It is also a sure specific for pain in the back or under the shoulders. I have recommended it in numerous cases to my workmen, when sick and unable to work, and it has always given perfect satisfaction. H. D. TERRELL, President Atlanta Plow Co., Atlanta."

FIVE INJURED BY EXPLOSION.

One Man Is Supposed To Be Fatally Injured—Terrific Shock.

New York, Sept. 20.—Five men were seriously injured, and one, Patrick Brady, will probably die, as a result of the explosion of a 1600 horse power boiler in the United Electric Light and Power company in East Twenty-ninth street, last night.

In the room where the explosion occurred are 15 1600-horse power boilers. Matthew Kerr, the engineer, 12 firemen and half a dozen coal passers, were keeping the boilers going when there came a roar from boiler No. 5. Dazed by the shock and blistered by the steam, the men made a wild rush for safety, and most of them escaped before they were seriously burned. It was discovered later that Brady was missing, and one of the men dashed back into the scalding steam and stumbled across Brady's body. He was dragged out unconscious, and terribly scalded.

The force of the explosion shook the buildings for several blocks around.

FLOODS COST ROAD \$2,000,000.

Santa Fe Railroad Is a Heavy Loser on Account of High Waters.

Chicago, Sept. 20.—Western floods caused the Santa Fe railroad a loss of more than \$2,000,000 in the fiscal year just closed. This is stated in the annual report made public yesterday, showing gross earnings amounting to more than \$68,000,000. It is said the Santa Fe's new trans-continental line will be completed by the end of this year.

The line will be shorter than the Trinidad route; will avoid two mountain ranges between Trinidad and Albuquerque, and will be less exposed to interruption by freshets. By the close of the year it is given out, a total of 322 miles of double track will have been completed, the longest stretch of which is between Holiday and Emporia, 54 miles. Sixteen miles of double track already are in operation, and the total double track construction for the year will be 161 miles.

A Remedy Without a Peer.

Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years, and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years, although I am now 91 years old." NEWS TERSELY TOLD.

The troops which were sent here during the recent riots have been withdrawn to Tokio.

Judge J. B. Tower, one of the most eminent jurists in the south, is dead at his home in Lebanon, Tenn.; aged 79.

Major Robert R. Montgomery, U. S. A., retired, died today at his residence in Washington, D. C. Interment will be at the Arlington National cemetery.

Henry Denison and seven other members of the peace commission, arrived at Seattle, Wash., last night. The party will sail on the Dakota on Wednesday.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. C., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

Consumptive Commits Suicide.

Birmingham, Ala., Sept. 20.—Because he feared that a severe cold, which annoyed him several months ago, might develop into consumption, Captain Thomas D. Brown, 77 years of age, and one of the largest land owners of Lowndes county, shot himself in the head at his home 3 miles from Lowndes.

Social Entertainment.

Alachua, Sept. 20.—The Alachua High School opened Monday with seventy-five pupils enrolled. The trustees and patrons of the school were present, and the day was spent in placing the pupils in their places. Prof. Cassels will have charge of the high school, he being principal, but is ably assisted by Miss Sarah Boston in the intermediate grade and Miss May Dula Wolf in the primary grade. While seventy-five pupils were present at the opening Monday, assurances were given that at least twenty-five more would be present the next week. We have one of the best schools in the State, and with the excellent corps of teachers this term promises to be better than ever before.

R. A. Turner and daughter, Miss Mattie, are on a visit to Port Orange.

O. W. Wells visited Gainesville Tuesday.

Mrs. C. O. Wetherington has returned from Cedar Key.

Refos Dell of Dutton spent Sunday in the city.

Miss Daisy Dell spent Sunday with her parents at Traxler.

Last Friday evening the young people had a very enjoyable time at the home of Mrs. H. V. Hawkins, the entertainment being given in honor of the departure of Miss Ruby Hawkins, who left Saturday for Tacoma to take charge of her school. The time was spent in playing games of various kinds, and in the game of abbreviations of States a prize was offered, which was won by Bernie Mason. At 10 o'clock delightful refreshments were served, and the happy crowd thanked their hostess for their pleasant evening and returned to their respective homes.

The Alachua baseball nine gave an ice cream supper Tuesday night, the proceeds to be used in securing new players.

Cause of Insomnia.

Indigestion nearly always disturbs the sleep more or less and is often the cause of insomnia. Many cases have been permanently cured by Chamberlain's Stomach and Liver Tablets. For sale by all druggists.

Negroes Ambush Sheriff,

Tampa, Fla., Sept. 20.—An attempt was made to assassinate Sheriff Wyatt and Chief Deputy Joiner, of Manatee county, near Bradentown. The officers were riding along the road when a party of negroes fired upon him from ambush. Neither was hit. The officers returned the fire, killing one negro. The others escaped, but are being pursued by a posse.

Often The Kidneys Are Weakened by Over-Work.

Unhealthy Kidneys Make Impure Blood.

It used to be considered that only urinary and bladder troubles were to be traced to the kidneys, but now modern science proves that nearly all diseases have their beginning in the disorder of these most important organs.

The kidneys filter and purify the blood—that is their work.

Therefore, when your kidneys are weak or out of order, you can understand how quickly your entire body is affected and how every organ seems to fail to do its duty.

If you are sick or "feel badly," begin taking the great kidney remedy, Dr. Kilmer's Swamp-Root, because as soon as your kidneys are well they will help all the other organs to health. A trial will convince anyone.

If you are sick you can make no mistake by first doctoring your kidneys. The mild and the extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases, and is sold on its merits by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of Swamp-Root by mail free, also a pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing to Dr. Kilmer & Co., Binghamton, N. Y. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

BRINGS GOOD RETURNS.

Advertising in The Daily Sun Causes Happiness and Brings Returns.

Every day the proof becomes more plain that advertising pays, and in yesterday morning's Sun this fact was again proven, when four little ads, all not amounting to a dollar, brought returns to the advertisers.

In the first instance a lady advertised for a kitten she had lost, although it was not so much the value of the feline, but the fact that it was a gift from a friend, and lo! she got the tabby the same day.

A gentleman lost a valuable dog, and a short ad brought the canine the very day the ad appeared. He knows it pays to advertise.

A gentleman advertised an iron safe for sale and sold it before he thought the paper had time to get before its readers.

A man had some real estate for sale and a small ad brought him a purchaser, all of which goes to show that it pays to advertise in The Sun, and judicious advertising pays any one who has a bargain to offer the people.

The Twice-a-Week Sun reaches over 1,800 families every week in Alachua and adjoining counties, and if each family has three persons who read the paper—and it will easily average that—it would be a hard matter to make a person believe that out of the 5,400 who look over the paper twice each week that no one would see even the smallest ad that could be inserted.

The way to advertise is to keep everlastingly at it, as there is never a time when there is not some one looking for bargains.

THREE JURORS CURED

Of Cholera Morbus With One Small Bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Mr. G. W. Fowler of Hightower, Ala., relates an experience he had while serving on a petit jury in a murder case at Edwardsville, county seat of Cleburne county, Alabama. He says: "While there I ate some fresh meat and some souse meat and it gave me cholera morbus in a very severe form. I was never more sick in my life and sent to the drug store for a certain cholera mixture, but the druggist sent me a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy instead, saying that he had what I sent for, but that this medicine was so much better he would rather send it to me in the fix I was in. I took one dose of it and was better in five minutes. The second dose cured me entirely. Two fellow jurors were afflicted in the same manner and one small bottle cured the three of us." For sale by all druggists.

River Still Rising.

St. Louis, Sept. 20.—The stage of the Missouri river measured 27.03 feet this forenoon, a rise of over 14 feet in 24 hours, and the floodtide was still creeping higher, although, slowly. In the opinion of the river men the crest of the freshet will have been reached within the next 24 hours, and it will not go over the danger line. Gangs of laborers have moved all merchandise from the levee to places of safety and there, and there is now no danger from a higher stage of the river.

The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. J. W. McCollum & Co.

World's Fair for New York.

New York, Sept. 20.—Active work is going on in this city looking toward a permanent world's fair to be opened in 1909, in celebration of the tri-centennial celebration of the discovery of the Hudson river. Officers have been secured in Manhattan and Peekskill for the promotion of the enterprise, and with the return of Governor Higgins from Europe, Sept. 22, it is expected the project will assume concrete form.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W. McCollum & Co.

THE DAILY SUN, Gainesville, Fla.

AN IMPORTANT NOTICE.

Business men of the county, manufacturers, and all who are engaged in any way in any enterprise that they desire to have come before the people of the State, should secure space in the columns of the Industrial Edition of the Gainesville Daily Sun, which will print a very attractive edition of 20,000 copies, to be distributed at the State Midwinter Fair at Tampa, November 15th to 30th, with the exception of a few hundred copies that will be retained here for our local patrons.

This edition will set forth the advantages of Alachua county in every detail, showing up her resources, and will be an excellent medium in which owners of land over the county can place their advertisements to bring them before those who are looking for a place to settle.

The city of Gainesville will also be prominently mentioned in this edition, and there will be printed many fine illustrations of its beautiful homes, public buildings and the natural beauty of the city and surrounding country. It is the intention of the publisher to have an illustration of the State University buildings, if the plans can be secured in time.

Every city and hamlet in the county should make an effort to see that their interests are represented. Every professional man in the county should have his name and profession in this edition, which will be a county directory of the business and professional men.

The space reserved for advertising will be limited and those wishing to take advantage of this excellent opportunity should address H. H. McCreary, Publisher, Gainesville, Fla.

The project of holding the Pure Food and Industrial Exposition in Jacksonville should be made a permanent thing each winter. The location of a substantial building for the purpose would be an excellent advertisement for Jacksonville and the whole State of Florida. Such an exhibition would be visited by thousands of people passing through the city.

Paul Morton, president of the Florida Life Assurance Association, says that hereafter this aggregation of that promoters will refuse to contribute to campaign funds. When they do so they lied about it, and it is an effort for them to lie about what they will do in the future.

President Roosevelt says he is not afraid of yellow fever and may visit Jacksonville in October. If he should happen to go down with yellow fever he would not find it so easy to get up with the Plunger.

Chief Pain-in-the-Face, the Indian who claimed he killed General Custer at Standing Rock reservation September 12th. He should be put in a hole-in-the-ground, where he and Custer can be found.

The Atlanta Constitution says that "Bobby" might try his sanctimonious in Atlanta. He could if he had permission of the city council, but if it was a violation of the law.

THE PINDAR CROP.

The government statisticians have just issued a very interesting document on the ground-pea or pindar, called by the United States report the "peanut." It does not matter about the name, however, so long as we are made aware of the good qualities of this growing product. It is sold over the land in large quantities, taking the place of salted almonds in many instances, used between the acts at theaters and between heats at races, and is said to be the only article that will effectively take away a whiskey breath and leave a very pleasant nutty aroma. A five-cent sack of roasted pindars will save a large amount of explanations when eaten just before going home late at night, as they absorb the alcohol in the stomach and send a man home in a sober state.

The peanut vines are also good for a fodder crop, and are grown for that purpose as well. At the time the last census was taken there were 208,946 acres devoted to the culture of peanuts, and the data shows that the crop is steadily growing in popularity. If the vines are desired for hay, the government statistician sagely remarks, they should be hung on poles until thoroughly cured, after which they may be hauled to the barn. Peanut hay is worth \$10 a ton, and the crop should be from one to three tons to the acre—not counting the value of the nuts themselves. On the whole, the government statisticians are inclined to wax enthusiastic about the possibilities of the succulent goober, both as a food for man and beast, and they likewise point out that there exists one or two communities which import peanuts from the South and export olive oil to all the world, which suggests that there are even greater possibilities in the goober than the South, which raises it, had suspected.

600,000 TEACHERS.

There were employed in the schools and colleges of the United States in 1903, 584,755 teachers. There were in all the public, private, professional and other schools, and in all the universities and colleges, 18,187,918 pupils or students, which would give one teacher to every thirty-three pupils. In the public schools there was one teacher to every thirty-seven pupils.

In a census bulletin just issued, Professor Walter F. Willcox of Cornell University, taking all persons between the ages of five and twenty-four as a basis of calculation, estimates that there is one teacher to every seventy-one persons of school age in the United States. This range in age includes the boys and girls in the several grades of the public schools, in the private schools corresponding to the elementary and high schools, and the young men and women in the colleges.

Blind tigers are no respecters of communities, and as they are probably led, owing to their affliction, are sometimes found in the jungles that have a license law. A few days ago one of these carnivora was found in Ybor City, and when cornered by the officers tried to escape punishment by offering the minions of the law a bribe. Tigers are no respecters of localities. They lurk where they can find anything to prey upon.

The law's delay is apparent in the Taggart divorce case, as the judge asks another week for his decision, and Mrs. Taggart may want to get married again before that time.

When the trusts quit contributing to the Republican corruption fund, we may expect a little tariff reform. But it must not have any Dingley connected with it.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

Sick Headache

When your head aches, there is a storm in the nervous system, centering in the brain.

This irritation produces pain in the head, and the turbulent nerve current sent to the stomach causes nausea, vomiting.

This is sick headache, and is dangerous, as frequent and prolonged attacks weaken the brain, resulting in loss of memory, inflammation, epilepsy, fits, dizziness, etc.

Alay this stormy, irritated, aching condition by taking Dr. Miles' Anti-Pain Pills.

They stop the pain by soothing, strengthening and relieving the tension upon the nerves—not by paralyzing them, as do most headache remedies.

Dr. Miles' Anti-Pain Pills do not contain opium, morphine, chloral, cocaine or similar drugs.

"Sick headache is hereditary in my family. My father suffered a great deal, and for many years I have had spells that were so severe that I was unable to attend to my business affairs for a day or so at a time. During a very severe attack of headache, I took Dr. Miles' Anti-Pain Pills and they relieved me almost immediately. Since then I take them when I feel the spell coming on and it keeps it at bay."

AN ORDINANCE

Entitled An Ordinance Providing for the Issuance of Bonds and the Creation of an Executive Board Under the Provisions of an Act of the Legislature of the State of Florida, entitled "An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation Organized and Existing in Alachua County, Florida, and Providing for the Exercise of those Powers."

As it Ordained by the Mayor and the City Council of the City of Gainesville, Florida:

Section 1. The Mayor and the City Council of the City of Gainesville, in their corporate capacity, under authority of an Act of the Legislature of the State of Florida, entitled "An Act Extending and Enlarging the Territorial Limits and the Powers of the City of Gainesville, a Municipal Corporation Organized and Existing in Alachua County, Florida, and Providing for the Exercise of those Powers," approved on the 9th day of May, A. D. 1905, hereby provide by ordinance for the issuance, from time to time, as hereinafter provided, of bonds of said city, to be known as "Public Utility Bonds of the City of Gainesville," to the amount of One Hundred Fifteen Thousand Dollars. The principal and interest of said bonds shall be payable in gold coin of the United States of the present standard of weight and fineness, and for the payment thereof, principal and interest, the entire taxable property of said city and the public utilities acquired and owned by said city shall stand pledged by this ordinance. Each of said bonds shall be of the following denomination, viz: One Thousand Dollars. Said bonds shall be dated the 1st day of January, A. D. 1906, and each of said bonds shall bear interest at the rate of five per cent per annum, payable semi-annually, at the end of periods of six months from the date of the bond. The principal of said bonds shall become due and payable at the following times and upon the following dates, viz: Thirty-five of said bonds of the denomination of One Thousand Dollars shall become due and payable in twenty-five years from the date thereof; and Forty of said bonds of the denomination of One Thousand Dollars shall become due and payable in thirty-five years from the date thereof. Said bonds, and the interest thereon shall be payable at the office of the City Treasurer of said city. The proceeds arising from the sale of said bonds, at not less than par value, and the purposes for which the issue of bonds proposed to be issued by this ordinance shall be used are the following, viz: The monies arising from the sale of fifty of said bonds, or so much thereof as may be necessary, shall be used to acquire, construct, own and operate a system of sewerage for said city. The monies arising from the sale of fifty of said bonds, or so much thereof as may be necessary, shall be used for the purpose of acquiring, owning, constructing and operating an electric light plant for said city, and for the extension and improvement of said electric light plant. The monies arising from the sale of ten of said bonds shall be used for the purpose of opening, widening, extending or improving the streets of said city. The monies arising from the sale of five of these bonds shall be used for the purpose of acquiring, owning, constructing and operating a public hospital in and for said city. Provided, however, that none of said bonds shall be issued until after the issuance thereof, under the provisions of this ordinance, shall have been approved by a majority of the votes cast by the qualified electors of said city, at a special election which shall be held for that purpose on the 10th day of October, A. D. 1905, in accordance with this ordinance.

Sec. 2. The Mayor and the City Council shall levy and collect annually such special tax on the taxable property within the corporate limits of said city as may be necessary to pay the interest on said bonds, and to provide a sinking fund for the payment of said bonds.

Sec. 3. Said bonds shall be printed or engraved, with interest coupons attached, payable as by this ordinance provided. Said bonds shall be signed by the Mayor, countersigned by the President of the City Council, and attested by the City Clerk, and shall bear the corporate seal of said city, and the interest coupons shall bear an engraved, or printed, fac-simile of the signature of the City Treasurer. When said bonds shall have been so signed and sealed, they shall be turned over to the Board of Public Works, who shall be Trustees for said bonds, and shall be by said Board offered for sale to the highest and best bidders for cash, on sealed bids; but said Board shall have and exercise the right to reject any and all bids, and shall not sell any of said bonds for less than par value. The proceeds for the sale of said bonds, as soon as received by the said Board, shall be deposited in a depository selected by said Board and kept by them in a separate account, to be drawn out only for the purposes for which said bonds are authorized by this ordinance to be issued, upon warrants approved by the Board of Public Works and signed by the Chairman, and countersigned by the Secretary of said Board.

Sec. 4. Said bonds shall be payable to bearer and shall be delivered by said Board only after being countersigned by the Chairman and Secretary of said Board; whereupon said bonds shall be

Board of Public Works, as Bond Trustees, when any bond is sold or issued by them, to register the same in a book to be kept for that purpose. The said Board shall keep an accurate account of all bonds and coupons outstanding, and of all such as may be paid.

Sec. 5. For the further protection of the citizens of Gainesville, and of the holders of said bonds, the members of said Board of Public Works, as Bond Trustees, shall be required to give bond, or bonds, conditioned for the faithful performance of all duties devolving upon them under the provisions of this ordinance, said bonds to be fixed by ordinance and approved by the City Council.

Sec. 6. The Treasurer, or other agents or officers collecting or receiving money from any assessment, tax or other source, to be applied to the payment of said bonds, or any of them, or to the sinking fund or interest thereon, or any portion thereof, shall each make, on the first day of each month, and every month, written report in duplicate of the amount of money collected or received from each person, and of all payments by him made under the provisions of said ordinance. One of said reports shall, on or before the third day of the same month, be filed with the City Clerk, and the other with the Secretary of the Board of Public Works.

Sec. 7. It shall be the duty of the City Treasurer, or other agents or officers receiving or accounting for bonds or coupons redeemed, paid or purchased, to cancel the same when received, in the presence of the person from whom he shall receive them, and to deliver all such bonds and coupons to said Trustees, together with the report above mentioned, each month.

Sec. 8. The City Treasurer, by and with the advice and direction of the Board of Public Works as Bond Trustees, shall, from time to time, apply all monies which shall come into his hands as a redemption or sinking fund to the purchase of said bonds, at their market value, or shall, under the same direction, invest said money in bonds of the United States, or of the State of Florida, or in such other bonds or securities, or in such other manner as shall be approved by said Trustees and as may seem to them advisable.

Sec. 9. It shall be the duty of the Board of Public Works, on or before the first day of July of each and every year, to report to the City Council the number of said bonds outstanding, with an estimate of the amount necessary to be raised for interest and sinking fund, which statement and estimate shall serve as a basis of assessment by the City Council for the ensuing year for that purpose.

Sec. 10. The Mayor of the City of Gainesville is hereby directed to issue his proclamation calling a special election to be held in said city on the 10th day of October, A. D. 1905, to determine whether the issuance of bonds proposed by this ordinance to be issued shall be approved by a majority of the votes cast by the qualified electors of said city at said special election, and said proclamation and this ordinance shall be published in a newspaper printed in said city at least once each week for four consecutive weeks, the beginning of such publication being made immediately upon the adoption and approval of this ordinance. At said special election the question of the issuance of bonds to the amount of One Hundred Fifteen Thousand Dollars, and for the purposes proposed in and by this ordinance, shall be submitted to the qualified electors of said city for their approval; that each qualified elector shall have an opportunity to vote for or against the question of the issuance of said bonds for the purposes proposed, and each elector shall cast a paper ballot. Each elector desiring to vote for or against the approval of the issue of bonds for One Hundred Fifteen Thousand Dollars, for the purposes mentioned in this ordinance, may vote a paper ballot containing the words: "For Public Utility Bonds One Hundred Fifteen Thousand Dollars," or "Against Public Utility Bonds One Hundred Fifteen Thousand Dollars," and each of said ballots shall be counted as a ballot approving or disapproving, as the case may be, the issuance of the bonds for the purposes mentioned in this ordinance. The said special election shall be called, held, conducted and the returns thereof canvassed, as nearly as may be practicable, in compliance with the rules, regulations and ordinances governing and controlling the general city elections of said city.

Sec. 11. The City Council shall prepare and furnish all necessary blanks and ballots, and shall make all necessary preparation for said special election, and shall pay for same out of the proper fund in the treasury. The ballots to be used in said election shall be substantially in the following form:

Official Ballot.
Special Bond Election.
City of Gainesville.
October 10th, A. D. 1905.

word "For" or the word "Against," accordingly as you approve or disapprove of the issuance of bonds as proposed.

Vote for one:

For Public Utility Bonds
One Hundred Fifteen Thousand Dollars

Against Public Utility Bonds
One Hundred Fifteen Thousand Dollars

Sec. 12. If the issuance of the bonds, as herein proposed and submitted to be approved by the qualified electors be approved by a majority of the votes so cast, then the bonds so proposed to be issued shall be authorized, and from time to time shall be sold and delivered, as the proceeds are needed for the purposes for which they are authorized.

Sec. 13. There is hereby created by this ordinance a Board of Public Works. Said Board of Public Works shall consist of five members, and the same shall be the permanent Executive Board of said City, and said Board shall be Trustees for the bonds proposed to be issued by this ordinance. The members of said Board of Public Works shall each hold office for the term of five years and until their successors are elected and qualified; provided, however, that the members of the first Board shall be W. W. Hampton, H. F. Dutton, P. M. Colson, W. N. Wilson and S. J. Thomas, who shall enter upon the duties of their office immediately upon the approval by the qualified electors of the proposed issue of bonds, and shall continue in office until June 1st, 1906, and until their successors are qualified. Their successors shall be elected by the qualified electors of said City, one member of said Board at each regular municipal election, to take office the 1st June next after said election. Provided, however, that at the regular municipal election in and for said city on the second Tuesday in April, 1906, there shall be elected at said election five members of said Board, to take their office on the 1st June next after said election, and the person at said election receiving the highest number of votes for said office shall hold office for five years, the person receiving the next highest number of votes for said office shall hold for four years, the person receiving the third highest number of votes for said office shall hold for three years, the person receiving the fourth highest number of votes for said office shall hold for two years, and the person receiving the fifth highest number of votes for said office shall hold for one year, and at each succeeding regular municipal election said members shall be elected as hereinbefore provided. At the regular municipal election in April, 1906, it shall be necessary to vote for five persons for said Board of Public Works in order to constitute a valid or legal ballot in so far as the same relates to said Board. The Board shall fill vacancies in its membership until the next regular municipal election, at which election said vacancy shall be filled for the unexpired term, and the person so elected to fill said vacancy shall take his seat immediately upon his election and qualification. The duties of said Board shall be to receive said bonds as soon as the same are printed or engraved and executed, and to sell the same at not less than par, as provided by this ordinance, and to dispose of the proceeds for the purposes for which said bonds are issued. Said Board shall have the control, supervision and management of the construction, acquisition and operation of the said sewerage system proposed and provided for by this ordinance, and the control and management of the electric light plant and of the extension of same proposed and provided for by this ordinance, and said Board shall have the control, supervision, management and operation of any and all public utilities acquired, constructed or operated, and of all improvements made by or with the monies and funds arising out of, and proceeding from the sales of the bonds proposed to be issued by this ordinance. The Mayor and City Council may, by subsequently passed ordinance or ordinances, provide for and prescribe such other and further executive duties and powers of said Board as may be deemed by said Council advisable and from time to

time may be rendered necessary. Said Board shall make its own rules, and elect a Chairman and Secretary, and appoint such committees, and remove or change the same, by a vote of a majority of said Board, at any time. All contracts to be signed by said Board, or other papers necessary to be signed by same, shall be signed by the Chairman and Secretary, and attested by a by a common seal to be adopted by said Board. Said Board shall adopt a common seal.

Sec. 14. The members of said Board shall receive no compensation. Three members of said Board shall constitute a quorum for the transaction of business. The ayes and noes shall be called and entered upon a journal upon the passage of every resolution or order for the expenditure of money. Said Board shall, by rules, provide for the holding of regular and called meetings. Members of said Board shall have a right to take part in all proceedings and deliberations of the City Council on all questions relating to matters under their charge, but without the right to vote. Said Board shall not employ or contract with any of its members. No member of said Board, or other person, whether in the employment of the Board or otherwise, shall have power to create any liability on account of the Board, or of the funds under its control, except by express authority of the Board conferred at a meeting duly and regularly convened.

Sec. 15. The said Board of Public Works shall have exclusive power to employ such heads of departments, engineers, clerks, superintendents, laborers and other persons, as it may deem necessary for the execution of its duties in connection with any and all utilities and improvements said Board has control and supervision of under and by the terms of this ordinance, or may have by subsequently passed ordinance or ordinances, and shall fix their compensation, and any of them may be discharged by a majority of the Board, at its discretion.

Sec. 16. Any member of said Board may be removed from office for incompetency, inefficiency, neglect of duty, or misconduct in office, by the affirmative vote of three members of said Board, approved by the City Council.

Sec. 17. Upon the approval by the electors of the issuance of the bonds provided for and proposed to be issued by this ordinance the bonds shall be executed and delivered to the Board of Public Works, as Bond Trustees, and said Board shall, from time to time, or all at one time, sell the same in compliance with the provisions of this ordinance, and as said Board may deem advisable, and deposit the money in a designated depository, or depositories, which may be required to give special bond.

Sec. 18. In the event that any part of the proceeds of the sales of said bonds proposed by this ordinance to be issued shall not be necessary to effect the purposes hereinbefore designated for which the proposed issue of said bonds are to be used, then such part of the proceeds of said bonds and the monies not so needed may be used for the purpose of improving the streets and parks of said City, and to construct, own, acquire and operate a gas plant for said City, as may be deemed advisable by said Board.

Sec. 19. The Board of Public Works shall have exclusive power to make all improvements and expenditures under this ordinance which shall cost less than Two Hundred Dollars, but shall let all contracts of Two Hundred Dollars and over to the lowest responsible bidder, unless otherwise directed by

Captain Vinancio Capo of St. Augustine, aged 76 years, died on Monday, September 18th. He was a native of the city.

John Watkins, Harry Conolly and Charley Yellowhair of Miami were arrested in that city on the charge of burglary.

The Pure Food and Industrial Exposition at Jacksonville will be held on the St. James lot, fronting on Hemming Park.

The hearing in the case of George Caldwell and Nelson Larkins, sentenced to hang for the murder of Supt. N. W. Eppe, has been postponed to October 5th.

The harbor lines at Key West have been satisfactorily adjusted and the Peninsular and Occidental Steamship Company expect soon to enlarge their wharf room.

The Cottage City Wagon, Carriage and Novelty Works, capital \$10,000, will open business at West Palm Beach the first of the year. T. J. Campbell is the man at the head.

Jacksonville is certainly a hustling city. Even the municipal court is a paying institution, the net receipts on Monday being \$265, and there were several job lots of offenders.

The residents of Ybor City were struck dumb with astonishment when they were approached on the subject of cleaning up the town. Some of the foreigners are not familiar with the English word "clean."

The body of a colored man called "Doc" Galley was found on the street in Pensacola Sunday morning. He had been shot three times, his pockets rifled and it is supposed he had won considerable money in a crap game.

John Butler, colored, charged with assault with intent to murder, was given a preliminary hearing Tuesday before Judge Whalton at Key West, and bound over to await the action of the criminal court under a bond of \$500. Butler assaulted a foreman on the F. E. C. extension.

Miami has three daily papers—one morning and two evening—and they are the best looking and best patronized by advertisers of their home town of any in the State. No wonder that city has increased its valuation over a million the past year. There are no dead ones in that hustling Magic City.

An attempt was made to assassinate Sheriff Wyatt and Chief Deputy Joiner of Manatee county Monday night near Bradentown. The officers were riding along the road when a party of negroes fired upon them from ambush. Neither was hurt. The officers returned the fire, killing one negro. The others escaped but are being pursued by a posse.

The fellows who were arrested on suspicion of murdering Theodore Scott, engineer of the mail boat between Fort Myers and Punta Gorda, have been released. Roth Johnson and Jones proved that they were all drunks and Scott fell overboard, and as they could not stop the engine, had to let the boat run down. They drifted to Crow Key where they had a row with a fisherman, and one man got a bloody nose and also blood on his shirt, which he changed, accounting for the bloody clothes on the boat.

SCROFULA FROM PARENT TO CHILD

The laws of heredity are invariable and the diseased blood of parents is handed down to children in the form of Scrofula. Being thus deeply rooted nothing can reach the disease but a constitutional remedy. The very foundation of the blood is diseased, and until it is purified and made strong, those who are born with a scrofulous tendency cannot have the blessing of robust health.

Cleveland, O., 129 Brownell St.
I inherited Scrofula from my ancestry, and this means, of course, weak, impure blood and a run-down, debilitated condition of the system. Treatment of physicians did not do me anything like the good S. S. S. did last winter when I took it. It promotes appetite and digestion, gives strength and energy, builds up the general health in every way, and in addition to being an excellent blood purifier it adds to its success as a remedy for Scrofula. It did more for me than anything I have used, and with pleasure I recommend it. S. S. S. completely cured me of this blighting disease.
MRS. LOUISE COHEN,

S. S. S., the king of blood purifiers, is the medicine that is required, because it changes the quality of the blood by cleansing it of all poisons and impurities, building it up and strengthening the entire system. When S. S. S. has restored the blood to a healthy condition and forced out the scrofulous deposits, there is a sure return to health. No remedy has ever been found to equal this great vegetable preparation for the cure of all diseases arising from a diseased or impure blood supply. If you have Scrofula or any tendency that way write us all about your case and we will send you a book describing the disease and give, without charge, any medical advice you may need.

Italian Murdered in St. Louis.
St. Louis, Sept. 20.—The body of Joseph Ballo, an Italian, was found by the police last night in a room in Clabbe alley, the Italian section, with one deep stab wound indicating murder. Today Catterino Duco and Frank Buffa, two Italians, were arrested, charged with the crime. Ballo was an agent of the Carr street Italian bank, an institution in which laborers placed their savings, and which collapsed a week ago. The police theory is that Ballo was murdered because of anger engendered among his countrymen over the failure of the bank.

Prominent Cotton Factor Dead.
New York, Sept. 20.—John Spencer Turner, director and vice president of the United States Cotton Duck corporation, died of apoplexy yesterday at Caldwell, N. J. Mr. Turner was 75 years old, and one of the best known men in the cotton duck trade. He was instrumental in organizing the so-called cotton duck trust. In May, 1902 the title of Marquis was conferred on John Spencer Turner, of Brooklyn, by the pope in recognition of his philanthropic generosity.

Four Mysterious Fires Occur.
New York, Sept. 20.—Four mysterious fires in the vicinity of New York harbor in the past three months have caused the authorities much concern. Two of the fires have been at Fort Hamilton, one on the night of July 17 and the other last Friday night. On the same night in July of the fire at Fort Hamilton, there was a disastrous fire at Fort Wadsworth. The latest fire was at Fort Slocum, on the David Island, in the sound, Sunday night. In each case there has been suspicious circumstances concerning the origin of the fires.

M. Witte Arrives in Paris.
Paris, Sept. 20.—M. Witte, accompanied by his wife and daughter and several members of the Russian mission arrived here today from Cherbourg. Following the express wish of the Russian statesman there was no informal reception and only a few intimate friends gathered at the railroad station. A crowd of travelers respectfully saluted M. Witte, who bowed his acknowledgments. He appeared to be much fatigued. M. Witte will make a brief stay in Paris, conferring with Ambassador Nelidoff and probably also with President Loubet and Premier Rouvier.

Should Convince Even the Most Skeptical of Its Truth.
If there is the slightest doubt in the minds of any that Dandruff germs do not exist, their belief is compelled by the fact that a rabbit inoculated with the germs became bald in six weeks' time. It must be apparent to any person therefore that the only prevention of baldness is the destruction of the germ, which act is successfully accomplished in one hundred per cent of cases by the application of Newbro's Herpicide. The Sun job office makes it a point to turn out your job printing with neatness and dispatch at reasonable prices.

C. W. Bauknight of Archer, one of the leading merchants of that section, was a business visitor to this city yesterday.

Furnished rooms for rent. Light housekeeping if desired. Apply to Mrs. T. Denby, 705 North University street. 3t

On account of breaking up household furniture will be for sale until October 1st. P. H. Westgaard.

H. L. Rosenberger of Kirkwood, N. A. Matthews of Campville and George Masters of Waldo formed a trio of visitors to the county capital yesterday.

Miss Nellie Colman has returned from St. Augustine, where she has been on a pleasant visit to Mr. and Mrs. D. L. Thompson and Mr. and Mrs. C. L. Leyvrez.

Home Love of Trenton was transacting business in this city yesterday. Mr. Love is quite a factor in his section, owning and operating a large saw mill and ginery.

L. H. Smith of Tioga, superintendent of the Cummer Lumber Company's naval stores interests, has gone to Levy county, it is said, to look for another location for the Cummers.

Mr. Gordon B. Tison is preparing for the hunting season in proper shape. He received yesterday from Hernando Kennels, Brooksville, two fine registered English setters, and anticipates lots of sport the coming season.

The pay train on the Atlantic Coast line arrived on time yesterday, making the employees happy. A large amount is paid out to the employees here monthly, and our merchants and boarding-house keepers always feel the effects of pay-day.

J. H. Wallace, special agent of the Union Central Life Insurance Company of Cincinnati, working under direction of General Agent W. B. Higdon, was in the city yesterday. Mr. Wallace has been residing in Citra, but will make his future headquarters in Live Oak.

Chris Stanton of Palatka, manager of the Stanton Foundry and Machine Company, was in the city for a few hours yesterday. He was en route home from High Springs, where he has been on business. Mr. Stanton has one of the most up-to-date foundries and machine shops in the State.

Among the prominent visitors to the city is Hon. Charles A. Finley of Lake City, who came to visit his sister, Mrs. M. F. Griffiths. Mr. Finley has many friends here who were glad to see him again. He reports business fairly good in Lake City now, the cotton season being on. The crop, however, will be short, having been damaged by constant rains and other conditions.

R. C. Camp of Ocala was a business visitor to this city yesterday.

J. H. Dye of Micanopy was transacting business in this city yesterday.

Claude Stokes of the Millhopper section was trading in the city yesterday.

Frank Einstein of Cincinnati, one of the most widely known and popular traveling men who come to Florida, is in the city.

W. B. Higdon went to Hague yesterday in the interests of the Union Central Life Insurance Company, of which he is general agent.

A. H. Blanding of the Dutton Phosphate Company returned from points in South Florida in the interests of that company yesterday.

If your head aches, if your eyes water or burn and your glasses do not suit you, consult me, free, at the Brown House. DR. C. FRANKLIN.

J. O. Elvington and J. S. Fisher, two prominent naval stores operators of Otter Creek, were among the business visitors to this city yesterday.

For latest styles in fall and winter millinery, call at McCormick Millinery Parlor, new Hill block. Everything new. Latest patterns. Announcement made later for pattern hat display.

Warranty deed and mortgage blanks for sale at this office, the form used in Alachua county which saves money in recording. \$2 per hundred or 50c per dozen by mail. Cash must accompany order. dawf

Joe Lynn left yesterday for his home at Ward City, where he will spend a few days. Mr. Lynn has accepted a position as soliciting agent for the Georgia Mutual Life Association of Georgia, and will probably make his headquarters in Live Oak.

Among the proposed residences for this city are two one and one-half story dwellings, which will be erected by Dr. B. P. Richards and B. F. Jordan, on North Factory street. These buildings will be modern in every respect, and will improve that section of the city.

Elder Sam J. White of Lake Butler, pastor of the Christian church, was in the city yesterday. Elder White was en route to Ocala, where he will conduct a series of meetings. He has been called to the pastorate of the McIntosh church, and after leaving Ocala will make his home there.

Judge E. A. Pinnelle of Bronson was among the visitors to Gainesville yesterday. The genial Judge's friends declare he must be taking extraordinary good care of himself, for he does not look a day older now than ten years ago. This naturally makes the gentleman feel sprightly.

The Misses Strobhar left the city yesterday and will be absent for several weeks. Miss Mary went to St. Louis. Miss Ethel to Ocala and Miss Nellie to Savannah, where all will be guests of relatives. A great many friends of the young ladies accompanied them to the station to bid them good-bye and wish them a pleasant and beneficial visit.

READ THIS.

DYERSBURG, TENN., JUNE 1, 1901.

This is to certify that I have used one bottle of the Texas Wonder. Hall's Great Discovery, and have been greatly benefited, and can cheerfully recommend it to the public.

C. H. GILLES.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 626, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Friends of Mrs. J. J. Borton, North Gainesville, who has been ill for some time, will regret to learn that her condition is little improved. Mrs. Borton is suffering from heart trouble and indigestion.

Attention is called to the change of advertisement of the Union Central Life Insurance Company of Cincinnati. W. B. Higdon, general agent. This company is one of the best and most conservative in the country, and on account of its liberal policies, is writing lots of business in Florida.

Capt. W. G. Shehee of High Springs was among the prominent visitors to Gainesville yesterday. It will be remembered that while he was absent on a visit to his old home in Alabama a few weeks ago the Captain had the misfortune to lose his handsome High Springs home, with all its contents, by fire.

Mrs. A. D. Darby and children arrived yesterday from Laurens, S. C., and will make this their future home. Mr. Darby has accepted a position as salesman at the University Grocery. For the present Mr. Darby and family will be located at the home of Mr. and Mrs. J. R. Emerson, East Main street, North.

Among the handsome East Gainesville homes recently finished is that of D. M. Dean, the naval stores operator, which is located on the corner of E. Church and Franklin streets. The building is large and comfortable, and is modern in every respect. The Dean family, who are now residing on North University street, expect to occupy their new home in a few days.

After an absence of several months at Williston, which they have been making their home, Mrs. L. T. Roux and daughter, Miss Mary, have returned to this city. Mr. Roux and sons have been here for several weeks. Yesterday the family moved into the Cellon cottage, North Garden street, where they will be pleased to see their many friends. The family will be gladly welcomed back as residents of Gainesville.

A word of caution is again given for the benefit of those who are in the habit of stealing papers left in the yards of regular subscribers. These reports have been numerous within the past few days, and Marshal Pinkson has been requested to keep his eyes open. The guilty parties, if caught, will be arraigned upon the same charge as if they had made a misappropriation of any other article. The maximum sentence for petit larceny is three months in the county jail.

Ask any lady that has used Blue Ribbon lemon and vanilla extracts and she will tell you that they are the "best ever made."

Misses Lillian and Margaret Morrison of High Springs returned to their home yesterday, after a pleasant visit to Dr. and Mrs. J. H. Alderman.

Thos. S. Dorsey, of the firm of W. S. Dorsey & Co., who returned from a two-weeks' sojourn at Seabreeze on Monday, says the air is very invigorating at that resort and he is feeling much better. He also stated that the fishing is immense, but he did not relate any stories to compete with others who profess to be good at such serials.

Prof. C. Franklin, the popular Tampa oculist and optician, has opened an office here at the Brown House for ten days. During his stay here he will give the people of Gainesville a chance to correct their defective vision. Consultation free. Having prescribed for, successfully fitted and corrected the vision of over 600 of Tampa's best citizens, any recommendation would be superfluous. He will be here from September 15th to 25th.

Mrs. Margetta C. Brooks, teacher of experience, and of the most modern methods, wishes to form classes in piano, organ, technique, modulation, phrasing, voice culture, and the art of singing. Special attention given to the healthful development of the body, which the thorough study of voice culture insures. Foundation work given to small classes at reasonable rates. References: Rev. S. B. Rogers, Hon. W. M. Holloway, Mrs. J. D. Turner. For further information call at Mrs. McIlvaine's, 108 N. Arredondo street.

Joseph T. Mathis of Lancaster, LaFayette county, was in the city yesterday on business with the United States land office. Mr. Mathis states that activity in all lines is great in LaFayette county just now, caused by the rapid opening up of the country by railroad lines. He believes the future of LaFayette is bright, and that, with its wonderful undeveloped resources which are now commanding the attention of outside capitalists, in a few years it will be in the front rank in the production of naval stores, lumber and agriculture.

Sprains.

S. A. Read, Cisco, Tex., writes, March 11, 1901: "My wrist was sprained so badly by a fall that it was useless; and after using several remedies that failed to give relief, used Ballard's Snow Liniment, and was cured. I earnestly recommend it to anyone suffering from sprains." Sold by W. M. Johnson.

ONE DOLLAR A YEAR

FEVER GRADUALLY BEING WIPED OUT

Authorities Have Almost Won
Fight Against Plague.

COOLER WEATHER IS PREDICTED

Money Is Sent to the Refugees Who
Are in Cincinnati—The Death Rate
Continues Small and New Cases Are
Rapidly Diminishing.

New Orleans, Sept. 20.—Up to noon
today there were twelve new cases of
yellow fever and two deaths reported.

New Orleans, Sept. 20.—Reporting
low temperatures in the Texas Pan-
handle and light frost as far down as
Santa Fe, N. M., the local weather bu-
reau said today that its records in-
dicated that from this period of Sep-
tember the weather gradually grows
cooler in New Orleans.

Perhaps two months, however, will
elapse before there is frost, unless the
year is to break the frost record. The
marine hospital authorities continue to
conduct their fight on the plan of seek-
ing to eradicate the fever before frost
any they look for improvement in the
situation from now on until that has
been accomplished. While no word has
yet been received by Mayor Behrman
from the Arkansas authorities as to
whether the train of President Roose-
velt will be permitted to enter that
state after leaving there it is expected
that the answer will be favorable and
the local committees are to go forward
with their arrangements for the presi-
dent's reception here on the 24th.

Showery weather has not ceased
and lower temperature prevails,
but the fever situation indicates im-
provement again, the Monday list of
cases, although exceeding Sunday's
giving promise of a lower record this
week than last.

In several centers of the city where
the fever heretofore prevailed it has
disappeared and the cases now under
treatment are generally scattered,
there no longer being nests of infec-
tion. When the news reached here on
Saturday that a number of the refugees
from Tallulah and Lake Providence
had arrived in Cincinnati in a peni-
tential condition, steps were taken to re-
lieve their distress. Subscriptions
were started in New Orleans and Mon-
roe raised \$1,000, and telegraphed it
to Congressman Ransdell, who is in
Cincinnati. Tallulah people wired
Cincinnati newspapers asking an in-
vestigation and promising to relieve
any distress. Congressman Ransdell
has returned the Monroe contribution
and has reported that all the refugees
are sufficiently supplied with money,
and that they are being very hospita-
lity treated in Cincinnati.

Situation in Other Sections.

Owing to the rigid quarantine insti-
tuted against the state capital by East
Baton Rouge parish in which it is lo-
cated cotton is reported to be going
away from that city and corn is be-
ing stolen or rotting in the fields.

Business men and the health author-
ities are trying to relieve this condi-
tion of affairs.

Dr. Chassaignac has returned to
Tallulah and will remain there un-
til the epidemic is over. Today the
state board sent a nurse to Natchitoches
parish in which there are a num-
ber of cases of fever. One positive
and one suspicious case of yellow fever
have been found on a government boat
at Kemp's bends in north Louisiana,
the infection traceable to New Or-
leans.

The fever fighters at Lake Provi-
dence are under a great strain owing
to the number of cases and Dr. Ber-
nard has wired the state board spec-
ially commending Miss Edens, who re-
mained on duty fifty hours at a stretch
with four cases, one of them having
the black vomit.

Among the cases at Tallulah is Miss
Stetter, who went there as a nurse.
Anton Ronge has developed only a
suspicious case, but Dr. Collier of the Ma-
rine hospital at Lake Providence is typi-

trace the infection to New Orleans,
but have not yet succeeded.

A considerable panic is reported at
Kentwood, near which a single case of
fever has been reported, and other
communities in Tangipahoa parish are
putting armed men on the roads to
prevent the Kentwood people from get-
ting out. Governor Vardaman and his
party came down the Illinois Central
to a point near Kentwood to arrange
for the protection of Mississippi from
infection through that point, Kentwood
being near the state line.

St. Bernard parish where there has
been considerable fever, having ex-
hausted its own funds, yesterday wired
the governor for help and \$1,000 was
telegraphed to the parish.

WANTS UNIVERSAL PEACE.

Russia's Emperor Issues Invitations
to a Conference at The Hague.

St. Petersburg, Sept. 20.—Emperor
Nicholas again appears before the
world as a promoter of universal peace.
No sooner is the Russo-Japanese war
over and even before the peace treaty
has been ratified, than his majesty is-
sues invitations to a second peace con-
ference at The Hague.

It is officially announced that the
"Russian government proposes to ad-
dress the foreign powers with a view
to the holding of a second peace con-
ference at The Hague," but it is known
that negotiations preceding this an-
nouncement that the government "pro-
posed to address the powers" were en-
tered into especially with the United
States and were conducted with the
greatest secrecy, there being not the
slightest inkling that Russia con-
templated anything of the kind.

The fact that President Roosevelt
is reported as being entirely in sym-
pathy with the proposed conference
and that he is said to believe that to
the initiator of the first Hague con-
ference should belong the honor of con-
voking the second, and readily and
even gladly acceded to the Russian
proposal, is clear proof that the con-
ference has already been called and
that President Roosevelt relinquished
his part in it to the emperor.

CHARGED WITH WIFE MURDER.

Claimed Woman Died from Beating Ad-
minis-tered by Husband.

Carnesville, Ga., Sept. 20.—The com-
mitment trial of Horace Brewer,
charged with the murder of his wife,
Irmah Brewer, has been held here.
It is charged that Brewer beat his
wife, from the effects of which she
died several weeks later at the home
of her parents in Walton county.

The case tried here had two
branches to it, as the brothers of Mrs.
Brewer, John and Maret Malcom,
came to Franklin county and demanded
of Brewer \$20 which his wife had giv-
en him. Brewer's relative swore out
a warrant against the Malcoms, charg-
ing them with robbery. The cases
were tried before Justices McCarter
and Lenhardt.

The justices bound Brewer over to
the approaching term of the Franklin
county grand jury on the warrant as
sworn out for murder. They also bound
John Malcom over for robbery. They
released Maret Malcom.

Tragedy in Oklahoma.

Anadarko, Okla., Sept. 20.—Two
men were killed and a third danger-
ously wounded at Okley, a small town
near here. The wounded man is a
one-armed man named Roane Gonzales.
His story is that two men, who were
strangers, came to his home and asked
for work. When told there was no
work, they demanded food and shelter.
A fight ensued in which pocket knives
and a big bowie knife was used. One
of the strangers was killed outright
by a stab in the heart.

Mistrial in Potter's Trial.

Sandersville, Ga., Sept. 20.—After
being out three days, the jury in the
case of Maro S. Potter, the former
cashier of the bank of Davisboro, who
was indicted and placed on trial here
for the embezzlement of \$27,000, this
morning reported to the court its in-
ability to reach an agreement and a
mistrial was declared. A mistrial
had been generally expected. The
case had been hard fought by a large

FINANCIAL OUTLOOK IS BETTER

The Business Contingent of the Nation
Has Accepted the Situation and Mat-
ters Are Settling Down—Plenty of
Capital Awaits Investment.

Tokio, Sept. 20.—Despite the fact
that the ebullition of popular dissatis-
faction over the peace arrangements
continues unabated, there are indica-
tions that the business contingent is
slowly settling down.

The capital intended for new enter-
prises, following the successful con-
clusion of the treaty of peace, is gradu-
ally coming to the banks in deposits
in amounts which are likely to lower
the rate of interest.

The profound disappointment which
has prevailed, has at least proved a
benefit to the extent of saving the
people any feverish intoxication, re-
sulting in bubble enterprises like those
which accompanied the close of the
war with China. The moneyed class
has resumed the attitude of cautious
frugality which guided its transac-
tions during the war; the financial out-
look is not gloomy and capital is im-
patiently awaiting solid investments.

Dixie Sails for America.

New York, Sept. 20.—A Villefranche
dispatch to the Herald yesterday says
that the Dixie sailed this morning.
She will call at Gibraltar and the
Azores and thence proceed to Fort
Monroe. Her rather abrupt departure
not only surprised the population of
Villefranche, but also one of her mid-
shipmen, who appears to have mis-
calculated the time at which she could
go aboard by about an hour. At any
rate, he arrived on the quay just that
much after the Dixie sailed. He re-
ported to Commander Hellorington and
he is now on his way to Gibraltar,
where he will rejoin the ship if the
calculations are not inaccurate again.

Work of the Sovereign Grand Lodge.

San Francisco, Sept. 20.—What is said
work of the annual communication of
the Independent Order of Odd Fel-
lows began today when various res-
olutions for new legislation as amend-
ments to the present laws were intro-
duced at the business session. Ex-
haustive discussion will take place on
the question of the affiliation with
Manchester Unity. There is consid-
erable objection to this proposition since
it would admit negroes to member-
ship.

Democrats and Populists Fuse.

Lincoln, Neb., Sept. 20.—William J.
Bryan was a delegate to the Lancaster
county Democratic convention which
met here today. This convention chose
delegates for the Democratic state con-
vention which Mr. Bryan will also at-
tend before starting on his trip around
the world. The populists and Demo-
crats of Nebraska will hold separate
state conventions tomorrow, but it is
the plan of the leaders to have the
Democratic nominee nominated also by
the Populists.

Captain's License Revoked.

Washington, Sept. 20.—The depart-
ment of commerce and labor has re-
voked the license of captain of the
steamer Oteri, formerly one of the
United Fruit company's vessels plying
between West Indies and Baltimore,
because of his alleged refusal to aid
the president's yacht, Sylph, when she
was disabled off the coast off North
Carolina, April 12, last, after having
conveyed Mrs. Roosevelt to Florida.

French Cable Line Closed.

New York, Sept. 20.—A Caracas dis-
patch to the Herald says that the
communication of the coast cables of
the French company, with the Caracas
office ceased on Sept. 16, by virtue of
the decree of President Castro impos-
ing a fine of \$300 bolivars for viola-
tion of his order. Mr. Deiga is sailing
for New York.

WOMAN CHARGED WITH BIGAMY.

Sensational Adventure Which Causes
Young Woman's Arrest.

Chicago, Sept. 20.—A dispatch to the
Record-Herald from Butte, Mont., says
that two weeks ago the 20-year-old wife
of George Melville, a miner, told her
husband, as she was going out to at-
tend the wedding of a friend. Yes-
terday it was discovered that she was
the bride and had married Harry
Northey, a young man living less than
half a mile from her home.

Mrs. Melville had told Northey that
Melville was her uncle and she did
not want him to know of her mar-
riage for a while as she feared he would
cable the news to her mother who she
said is an invalid in London. So she
went back and lived with Melville for
a week then returned to her younger
husband, and remained with him until
yesterday, when Melville succeeded in
finding her. She denied him and de-
clared he was her uncle and nothing
more.

Northey believed, notwithstanding
the record of the court at Great Falls,
which show that she married Mel-
ville in August, 1901.

The girl four years ago was mar-
ried to a man named Walbridge, who
abused her and was killed by her father
near Philippsburg, Mont., for which
crime her father, Carlisle Hunter, is
serving a sentence in the state peni-
tentiary.

The young woman was arrested on a

THE STATES GENERAL OPENED.

Queen Wilhelmina's Delivers a Speech
to Assembled Law-Makers.

The Hague, Sept. 20.—The states
general were opened today. Queen
Wilhelmina's speech after expressing
her pleasure at the end of the Far
Eastern war, dealt with internal mat-
ters. She said the financial condi-
tion of the country imperatively neces-
sitated an economical administration,
as the revenues, although increasing,
were not keeping pace with the ex-
penditures. An extension of the
sources of revenue was necessary to
meet the expected deficit of 1906, and
the expenditures necessary for edu-
cation and social reforms.

Regarding the defense of the coun-
try, the speech proposed the universal
preliminary training of the youth of
the nation in order to maintain the
whole people available for defense,
while means will be sought to com-
plete the fortifications of Amsterdam
as quickly as possible.

The speech also proposed obligatory
insurances against illness, incapacity
and old age.

Mexican Consul Dead.

Los Angeles, Cal., Sept. 20.—Gul-
lerno Andrade, Mexican consul of this
city, is dead in the city of Mexico,
of appendicitis, according to a dis-
patch just received. His death was
sudden and no news of his illness had
reached here. He was 75 years of
age. Mr. Andrade left this city on a
six months' vacation on Sept. 3, ac-
companied by his wife. He leaves a
widow and six children. The deceased
was married twice. Mr. Andrade had
been in this country about 35 years,
and had accumulated considerable
property. His estate consists, be-
sides money, of about 300,000 acres of
Mexican land.

Automobilist Is Drowned.

New York, Sept. 20.—The Herald's
European edition publishes the follow-
ing from its ministerial correspon-
dent: "Signor Callaris, a well known
automobilist, was drowned yesterday
in Lake Maggiore while testing a new
automobile boat launched at Pallan-
za. Owing to a sudden lurch, Signor
Callaris was thrown into the water
several meters away from the boat
which sank. His body has not been
recovered.

Large Sale of California Land.

San Francisco, Sept. 19.—What is said
to be the most important sale of acre-
age that ever occurred in Southern
California took place in this city to-
day when 28,000 acre of land and
the towns of Chino in San Bernardino
county were sold to a San Francisco
capitalist for \$410,200. From this the
Chino Land and Water company will
acquire title to the entire holding.

PLANS SUBMITTED FOR BUILDING CANAL

Board of Consulting Engineers
Explain Their Schemes.

WORK WILL REQUIRE FIVE YEARS

Mr. Bunau-Varilla, the French Engi-
neer, Believes in the Lock Idea, and
Says a Canal Can Be Completed in
Five Years on that Plan.

Washington, Sept. 20.—The board of
consulting engineers of the Panama
Canal commission today devoted
time to hearing an explanation of the
plans for a canal which Mr. Bunau-
Varilla and Linden W. Bates, respec-
tively, have formulated. Mr. Bunau-
Varilla was engaged on the canal work
as an engineer under the French re-
gime and he has given much time to
the study of the problem. Mr. Bates
is a civil engineer of New York.

Mr. Bunau-Varilla told the board that
under his proposed method a canal
could be built and put into operation
within five years. It could be deepened
to the sea level canal within five years
more. The novel feature of his plan
is to construct the locks from a founda-
tion below the sea level. The highest
locks on the canal as finished first
would be 136 feet above sea level. With
the locks built down to the sea level
depth the work of dredging the canal
could be continued without interrupt-
ing its operation for commerce. The
same locks could be utilized at every
depth until a sea level was reached
when the locks could be taken out.

This was regarded as a good method.
Mr. Bunau-Varilla submitted no propo-
sition, however, as to the location of
the dams, or other suggestions regard-
ing the engineering features of the ca-
nal. Many suggestions have been
made from the inception of the idea of
a canal across the isthmus by Mr. Bu-
nau-Varilla.

Mr. Bates proposes to locate the prin-
cipal dams on this side of the isth-
mus close to the sea thus preserving
the waters from the streams into two
mammoth lakes. He pointed out that
this would eradicate the danger from
tagnation and preserve the health of
the isthmus.

The board has information as to
every detail of the Bates plan in the
pamphlet of nearly 200 pages of closely
printed matter, accompanied by maps
and diagrams.

Ask Eleven Cents for Cotton.

Union, S. C., Sept. 20.—The cotton
growers of Union county hereby pledge
to hold our cotton for 11 cents per
pound in order to support and stand to
the minimum price of cotton that was
made by the Southern Association at
the Asheville meeting, Sept. 6th. The
resolution adopted at an enthusiastic
meeting here by a vote of 66 to 1. A
committee from each township was ap-
pointed to collect from each member
3 cents per bale to provide funds for
strengthening the whole organization.
The cotton mills here have agreed to
store cotton at 15 cents per bale of
certain conditions, but conditions were
not announced.

Two Trainmen Killed in Wreck.

St. Louis, Mo., Sept. 20.—The fast
passenger train of the south-
west, which left St. Louis last night
over the Iron Mountain route was
wrecked near Arcadia, Mo. According
to reports received, two trainmen were
killed and 15 passengers injured. The
wreck was caused, it is stated, by the
train, which was unusually long and
heavy, leaving the rails on a sharp
curve, the engine turning over and
an embankment. Three of the for-
ward cars left the rails, but only one
of these was badly damaged.

Calf Is Cause of Wreck.

Mobile, Sept. 20.—A special train
Mt. Vernon, Ala., to the Iten saw mill
a log train on the Tombigbee Valley
railroad, struck a calf yesterday and
10 or 12 cars of logs were derailed.
Willis Johnson, head brakeman, was
killed. The accident occurred between
Fairford and Calvert, 45 miles from
Mobile.

SCHOOL WILL OPEN MONDAY, OCTOBER 2

Meeting of Trustees and Principal
Held Tuesday Morning.

AN INTERESTING SESSION HELD

Matters of General Interest Affecting
the School Were Discussed—Name
of Institution Changed—The Faculty
Meeting to be Held on Monday.

Appropos of the opening of the fall term of the University High School, as it will in future be known, the trustees, W. W. Hampton, J. H. Vidal, Geo. W. Hyde and W. N. Sheats, principal, held a meeting in the Auditorium Tuesday for the purpose of discussing school matters pertaining to this special session.

The meeting was attended with considerable enthusiasm, as the trustees and principal are fully alive to the situation and propose to give Gainesville the best and most successful term ever taught here.

It was decided to open the school on Monday, October 2, and the following will be the faculty: W. N. Sheats, principal; T. F. McBeath, Mrs. C. O. Powell, Mrs. W. P. Coffey, Serena Shannon, Florence Ballis, Annie Dacosta, Mrs. Sallie Zetrouer, Mabel Sanchez, Nannie McIntosh. This faculty will be one of the strongest and most efficient in the State, and patrons may expect a successful term.

The name of the institution has been changed from the Gainesville Graded and High School to the University High School, and a preparatory course will be one of the new features. This will, of course, be the advanced grades of the school.

Work will begin immediately in cleaning up the grounds preparatory to the opening. Nicely graveled walks will be laid throughout the plat, the trees will be neatly trimmed and the grounds will be enclosed with a neat, substantial fence.

Principal Sheats has called a meeting of the faculty for Monday morning next, at 10 o'clock, in the Auditorium.

Are You Engaged?

Engaged people should remember that, after marriage, many quarrels can be avoided by keeping their digestions in good condition with Electric Bitters. S. A. Brown of Bennettsville, S. O., says: "For years my wife suffered intensely from dyspepsia, complicated with a torpid liver, until she lost her strength and vigor and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once and finally made her entirely well. She is now strong and healthy." Sold at all drug stores and guaranteed, at 50c a bottle.

A DEMENTED WOMAN.

Went Crazy on Subject of Religion
and Will be Sent to Asylum.

Deputy Sheriff F. S. Curl of Archer brought to this city Monday Nancy Williams, a colored woman, who was arraigned upon a charge of being demented.

The committee, Drs. J. M. Dell and E. Lartigue, and John C. Balis, made an examination of the unfortunate woman and reached the conclusion that she is demented.

The patient has lost her mind on religion. She believes, from her speech, that she is a living angel, and is seated in a buggy behind a slow horse, en route to heaven, and the horse will not move fast enough for her. An amusing feature of this unfortunate's case was reached when she imagined Dr. Dell was the horse, and with a stick she held in her hand, attempted to strike the Doctor over the head, with the remark: "You're dead slow; git up!" Dr. Dell did "git up," and this was the point when, as chairman of the committee, he declared that the woman was crazy, and the other members of the committee agreed with him.

HAWTHORN HAPPENINGS.

School Opened With Good Attendance.
Other Notes of Interest.

Hawthorn, September 19—School opened Monday morning with sixty-eight pupils. We have two of the best teachers in the county, Mr. and Mrs. W. E. Bell.

The many friends of Newton Coleman are glad to see him out again.

Mr. and Mrs. M. W. Hogan of Waldo spent a few days with the latter's parents, Mr. and Mrs. R. H. Stringfellow.

The boys of our burg gave the girls a most enjoyable pillow last Thursday night.

Miss Mary Bryan has returned from a three months visit to relatives in South Carolina. She reports having a lovely time.

Lang Davis, one of our young men, has gone to Jacksonville to seek his fortune.

Mr. and Mrs. T. D. Bryan of Ocala spent Sunday with the former's parents, Mr. and Mrs. D. M. Bryan.

Miss Ella Stringfellow returned home Saturday night from a four months visit to relatives in Chester, S. C.

Miss Hattie Hawthorn gave a peanut boiling to her many friends at her home on Orange Lane. Those present were Misses Ethel Waits, Mattie Gay, Lotus Sanders, Mary Bryan, Ruth Gay, Messrs. Fred Strange, Glenn Moore, Arthur Sipperil, Guss Waits, Fullwood McIntosh, Newton Coleman, Lang Davis, Sondly Waits. All reported a nice time.

Dr. Sipperil and family have moved to Floral Home. We are indeed sorry to give up the Doctor and family.

Dr. Means of McIntosh visited here Saturday and Sunday.

\$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials.

An Approaching Marriage.

Invitations are out announcing the approaching marriage of Miss Inez, the charming daughter of Mr. and Mrs. Willard Perry Coker, to Charles B. Powers, which happy event will occur in Jacksonville on the evening of Wednesday, September 27.

Mr. and Mrs. Coker, as well as the prospective bride, are well known in this city, having resided here for several years. Miss Coker is a young lady possessed of many admiring traits of disposition, and has many friends here who will wish for much happiness in the marriage.

Attacked by a Mob

And beaten in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve and was soon sound and well. "I use it in my family," writes G. J. Welch of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at all drug stores.

WILL HAVE FINE DISPLAY.

Gainesville Planing and Coffin Company Will Go to Fair.

The management of the Gainesville Planing and Coffin Company has secured a fine space, 37x40, in the main exhibit building of the Florida State Fair, and will display to the world what Alachua county is capable of producing in the matter of coffins and caskets, turned balustrade work, cabinet work and other productions of this firm.

While a display of coffins and caskets might not prove so desirable as an exhibit in other lines, they are something which are in demand, and somebody has got to make them. The Gainesville concern is up-to-date in this particular line, and has been at work for several days on the articles which will be taken to the fair. The finish will be of the best, and it goes without saying cannot be excelled in the South. The cabinet work will also be of the best, and altogether the display will no doubt be among the best at the fair.

Devoured by Worms.

Children often cry, not from pain, but from hunger, although fed abundantly. The entire trouble arises from inanition; their food is not assimilated, but devoured by worms. A few doses of White's Cream Vermifuge will cause them to cease crying and begin to thrive at once, very much to the surprise and joy of the mother. Sold by W. M. Johnson.

REAL ESTATE DEAL.

G. Henry Davis Purchases Valuable Pasture Near Town.

G. Henry Davis has purchased from Mrs. C. R. Howell a tract comprising twenty-six acres of land on Bevins' Arm, one and one-half miles from this city, the consideration being \$300.

This land will be used by the livery firm of Crawford & Davis as a pasture. It abounds in the finest grass grown in this section and the stock will thrive well on this new range.

Got Off Cheap.

He may well think he has got off cheap who, after having contracted constipation or indigestion, is still able to perfectly restore his health. Nothing will do this but Dr. King's New Life Pills. A quick, pleasant and certain cure for headache, constipation, etc. 25c at all drug stores; guaranteed.

Woman's Democratic League Formed.

New York, Sept. 19.—At a meeting here yesterday the Woman's National Democratic League was organized. Mrs. John S. Crovelly was elected as president. The promoters of the league will endeavor to carry out plans of organization covering the entire country.

Every Heart-Ache

Every pain in the breast, difficult breathing, palpitation, fluttering or dizzy spell means that your heart is straining itself in its effort to keep in motion. This is dangerous.

Some sudden strain from over-exertion or excitement will completely exhaust the nerves, or rupture the walls or arteries of the heart, and it will stop.

Relieve this terrible strain at once with Dr. Miles' Heart Cure. It invigorates and strengthens the heart nerves and muscles, stimulates the heart action, and relieves the pain and misery.

Take no chances; make your heart strong and vigorous with Dr. Miles' Heart Cure.

"I suffered terribly with heart disease. I have been treated by different physicians for my trouble without results. I went to a physician in Memphis, who claimed that I had dropsy of the heart. He put the X-ray on me, and in connection with his medicine he came near making a finish of me. Some time before this a Mr. Young, of St. Louis, was in our town. He saw my condition, and recommended Dr. Miles' Heart Cure to me. I gave it little attention until my return from Memphis, when I concluded to try it, and am pleased to say three bottles cured me."

CHARLES GOODRICH, Centerville, Mo.
Dr. Miles' Heart Cure is sold by your druggist, who will guarantee that the first bottle will benefit. If it fails he will refund your money.

A BIG ROW ONE MAN KILLED

Another Was Painfully Wounded
and the Perpetrator Escaped.

A SATURDAY NIGHT AFFAIR

Alleged that Negroes Had Gathered
Near Meredith for Regular Weekly
Skin Game—Gamblers Appeared and
Caused a General Rough House.

Information reached this city Mon-
day of a big row which occurred at the
negro quarters near Meredith Satur-
day night, in which one negro, Chas.
Jenkins, lost his life, and another ne-
gro, name unknown, was seriously shot.
The party doing the shooting, the
name of whom could not be learned,
made his escape, and has not yet been
captured.

The particulars are very indefinite,
but from the best information it ap-
pears that the negroes, as is their
custom on Saturday nights, indulged
in a skin game. The game pro-
ceeded until nearly midnight, when
a dispute arose, the lamps in the
shanty were extinguished, and a gen-
eral row ensued with the above re-
sult. Jenkins was shot in the arm, the
ball passing directly through and en-
tering the heart, from which death
resulted almost instantly. The other
negro received a painful wound in
the right leg, which it is believed will
not prove serious.

As a rule the negroes of Meredith
are a peaceable set, and it is seldom
that a row occurs among them, but
upon this occasion the disturbance
seemed to have originated from the
fact that traveling gamblers, who make
a profession of living off the earnings
of the laboring class of turpentine and
saw mill hands, were present, and the
men finally realized that they were
being "skinned" sure enough, when
the trouble began.

Officers are in search of the party
who did the shooting, but so far have
been unable to apprehend him. He is
believed to be hiding in the swamps
near Meredith.

JUSTICE COLMAN'S COURT.

Marion Smith, a Young White Man,
Fined on Two Separate Charges.

Marion Smith, a young white man
employed by C. C. Pedrick, was ar-
raigned before Justice Colman yester-
day upon two charges—that of carry-
ing concealed weapons and discharging
re-arms. It appears that young
Smith's father gave him a pistol that
he had been repairing Sunday morning
and requested him to walk out into
the woods and try the weapon to as-
ertain if it was all right. In obedi-
ence to this command Mr. Smith, with
couple of companions, went to a point
near Bevins' Arm, when he discharged
the piece several times. Sheriff Fen-
nell happened to be in the vicinity and
was attracted by the shots. He placed
young Smith under arrest upon the
charges stated.

The defendant was fined \$2.50 and
costs for shooting on the Sabbath and
\$100 and costs for carrying a concealed
weapon. The fine in the last instance,
however, was suspended pending good
behavior.

Mr. Smith stated that he had no in-
tention of offending the law, but was
simply obeying the will of his father.
He has always borne a good reputation.

Men Past Sixty in Danger.

More than half of mankind over
sixty years of age suffer from kidney
and bladder disorders, usually enlarge-
ment of prostate gland. This is both
painful and dangerous, and Foley's
Kidney Cure should be taken at the
first sign of danger, as it corrects irreg-
ularities and has cured many old men
of this disease. Mr. Rodney Burnett,
Rock Port, Mo., writes: "I suffered
with enlarged prostate gland and kid-
ney trouble for years, and after taking
10 bottles of Foley's Kidney Cure I
feel better than I have for twenty
years, although I am now 91 years
old." J. W. McCollum & Co.

Mothers Are Helped THEIR HEALTH RESTORED

Happiness of Thousands of Homes Due
to Lydia E. Pinkham's Vegetable Com-
pound and Mrs. Pinkham's Advice.

A devoted mother seems to listen to
every call of duty excepting the su-
preme one that tells her to guard her
health, and before she realizes it some
derangement of the female organs has
manifested itself, and nervousness and
irritability take the place of happi-
ness and amiability.

Mrs. Ph. Hoffman

Tired, nervous and irritable, the
mother is unfit to care for her chil-
dren, and her condition ruins the child's
disposition and reacts upon herself.

The mother should not be blamed, as
she no doubt is suffering with back-
ache, headache, bearing-down pains or
displacement, making life a burden.

Lydia E. Pinkham's Vegetable Com-
pound is the unfailing cure for this
condition. It strengthens the female
organs and permanently cures all dis-
placements and irregularities.

Such testimony as the following
should convince women of its value:

Dear Mrs. Pinkham:

"I want to tell you how much good Lydia E.
Pinkham's Vegetable Compound has done me.
I suffered for eight years with ovarian
troubles. I was nervous, tired and ir-
ritable, and it did not seem as though I could
stand it any longer, as I had five children to
care for. Lydia E. Pinkham's Vegetable
Compound was recommended and it has en-
tirely cured me. I cannot thank you enough
for your letter of advice and for what Lydia
E. Pinkham's Vegetable Compound has done
for me.—Mrs. Ph. Hoffman, 100 Hiram
Street, Brooklyn, N. Y."

recommend it to anyone suffering from
sprains." Sold by W. M. Johnson.

Miss Tebeau's School.

Miss Maggie Tebeau, who for more
than thirty years has successfully con-
ducted a school in this city, opened the
fall term Monday with a fine attend-
ance, and the prospects for the term
are very bright.

Miss Tebeau is ably assisted by Miss
Alice Thomas, one of the most compe-
tent teachers in the state, who has
been with the school for many years.

Abscess.

Abscesses, with few exceptions, are
indicative of constipation or debility.
W. H. Harrison, Cleveland, Miss.,
writes, Aug. 15, 1902: "I want to say
a word of praise for Ballard's Snow
Liniment. I stepped on a nail, which
caused the cords in my leg to contract
and an abscess to rise in my knee, and
the doctor told me that I would have a
stiff leg, so one day I went to J. F.
Lord's drug store (who is now in Den-
ver, Colo.) He recommended a bottle
of Snow Liniment; I got a 50c size,
and it cured my leg. It is the best
liniment in the world." Sold by W.

Shepard Held on Bond.

Abraham Shepard, who was arrest-
ed a few days ago by United States
revenue officers near Mikesville upon
a charge of owning and operating an
illicit distillery, and who was arraigned
before Commissioner Locke in Jack-
sonville, was required to give a bond
of \$250 for his appearance at the fall
term of the United States Court in
Jacksonville. The bond was promptly
secured and the defendant released.

It is said that the officers did not find
the still in operation, but that a quan-
tity of "akimmings" was found, which
will be sufficient evidence that the
still had been working. The outfit
comprised a fifteen-gallon wash-pot,
with all appliances of a regular still.

Shepard is reported to have plenty
of money, as it is alleged this still has
been in operation and enjoying a fine
business for some time.

Attorney C. C. Thomas of this city
represented Shepard.

WALDO MAY HAVE BIG CIGAR FACTORY

rumored That Movement Is On
Foot to Organize Company

WITH \$25,000 CAPITAL STOCK

Citizens of Waldo and Vicinity Will be
Principal Stockholders—Proposed to
Employ Large Number of Hands.
Big Thing for That Town.

It is rumored that a movement is on foot, and is meeting with success, to establish a large cigar factory at Waldo. It is said that a stock company will be organized with a paid capital of \$25,000, and that it will be the purpose of the company to employ a large number of hands and to produce only the highest class of goods.

The company, as far as can be heard, will be composed largely of citizens of Waldo and vicinity, with an occasional sprinkling in Gainesville. The movement is headed by John P. Entenza, who has, since the death of his father, conducted the business of the El Toney factory at Waldo in a most creditable and successful manner. Mr. Entenza, who is an energetic young man and himself a cigar-maker, has demonstrated that the industry can be carried on profitably upon a small scale and has induced sufficient capital to enter into the business more extensively, the demand for his products having necessitated the manufacture on a larger plan. The products of El Toney factory have gained a reputation which created the demand, and should the proposed venture materialize it would mean the increase in Waldo's commerce several hundred dollars a week.

BRINGS GOOD RETURNS.

Advertising in The Daily Sun Causes
Happiness and Brings Returns.

Every day the proof becomes more plain that advertising pays, and in yesterday morning's Sun this fact was again proven, when four little ads, all not amounting to a dollar, brought returns to the advertisers.

In the first instance a lady advertised for a kitten she had lost, although it was not so much the value of the feline, but the fact that it was a gift from a friend, and lo! she got the tabby the same day.

A gentleman lost a valuable dog, and a short ad brought the canine the very day the ad appeared. He knows it pays to advertise.

A gentleman advertised an iron safe for sale and sold it before he thought the paper had time to get before its readers.

A man had some real estate for sale and a small ad brought him a purchaser, all of which goes to show that it pays to advertise in The Sun, and judicious advertising pays any one who has a bargain to offer the people.

The Twice-a-Week Sun reaches over 1,800 families every week in Alachua and adjoining counties, and if each family has three persons who read the paper—and it will easily average that—it would be a hard matter to make a person believe that out of the 5,400 who look over the paper twice each week that no one would see even the smallest ad that could be inserted.

The way to advertise is to keep everlastingly at it, as there is never a time when there is not some one looking for bargains.

A Dangerous Insect.

Editor C. P. Setzer of The High Springs Hornet brought a stinger to this city Tuesday. It was not his Hornet stinger, but something a great deal more dangerous, and, unlike The Hornet, will sting without warning—something Brother Setzer has never done without putting a fellow on guard.

This stinger is what is known as the grampus, a bug which is found in decayed wood. The grampus grows to be about six inches in length, and resembles the bug which assembles about an electric light. It possesses a stinger which is said to produce a more deadly poison than a rattlesnake, for no victim has been known to recover after being stung.

This grampus was captured in a decayed log on the outskirts of High Springs by a colored man. It was a small one, being about two inches in length. Editor Setzer secured possession of the bug, placed it in alcohol and brought it to Gainesville, where it can be seen at the jewelry store of L. A. Bernigan.

Allen & Curry, turpentine processors, have sold out. Their property, including a reasonable length of pipe, has been sold. The property will be put on again in a short time.

LIEUT. F. S. DAVIDSON.

PE-RU-NA STRENGTHENS THE ENTIRE SYSTEM.

F. S. Davidson, Late Lieut. U. S. Army, Washington, D. C., and U. S. Pension Office, writes:

"To my mind there is no remedy for catarrh comparable to Peruna. It not only strikes at the root of the malady, but it tones and strengthens the system in a truly wonderful way. That has been its history in my case. I cheerfully and unhesitatingly recommend it to those afflicted as I have been."—F. S. Davidson.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

ITEMS FROM HAGUE.

Death of a Little Boy—Improvements.
Notes of Personal Interest.

Hague, September 20.—We have been having very much rain, but now we hope to have a few days of good fair weather on account of cotton, which is opening very fast, considering the bad weather.

R. W. Small is putting wire fencing around all his plantation. It will help the looks of our little town, as he has a large field south of the depot.

Miss Minnie Small is visiting her parents, Mr. and Mrs. R. W. Small. She will go back to Trenton in a week or so. Her many friends were glad to have her with them.

On August 22d little Jimmie Cullen departed this life for a brighter world above. He was a bright and warm-hearted little lad of four years. All who saw the little lad admired him, and even the negroes would bow to little "Mars Jim," as they called him. He was loved by all.

LOCHLOOSA LACONICS.

Notes of a Personal Character Which Will Prove Interesting.

Lochloosa, Sept. 20.—Mrs. Jordan of Pine was a visitor to relatives, Mr. and Mrs. McEwen, and returned home Sunday.

Mrs. S. F. McEwen left Thursday for Coleman, where she will spend awhile with friends.

J. P. Tompkins, who has been away in the picture-taking business, arrived home Friday.

The weather is clearing up again now, so as the people can go to picking cotton.

Mr. J. P. Tompkins made a flying trip to the city, and returned Sunday accompanied by his mother.

C. D. Sanders of McIntosh made a short call to our city Saturday.

A. Morrison of Island Grove attended court here Monday.

I. C. Cochran and son, J. A. Cochran, returned home Monday after a visit to children at Orange Heights.

Off to the Pen.

Manager D. E. Godwin of the turpentine camp at Fairbanks took to the camp Wednesday two prisoners, J. D. Thomas, convicted in Justice Henderson's court for carrying concealed weapons, and Will Wright, convicted before Justice Caswell upon a charge of larceny.

Thomas will be required to serve six months, while Wright got off light, being sentenced to only two months.

ALACHUA SCHOOL OPENED WELL

Enrollment on Opening Day Was
75, With Promise of More.

PROF. CASSELS IS IN CHARGE

He Will be Supported by an Able Corps
of Assistants and the Prospects for
the Institution Are Better Than Ever.
Social Entertainment.

Alachua, Sept. 20.—The Alachua High School opened Monday with seventy-five pupils enrolled. The trustees and patrons of the school were present, and the day was spent in placing the pupils in their places. Prof. Cassels will have charge of the high school, he being principal, but is ably assisted by Miss Sarah Boston in the intermediate grade and Miss May Dula Wolf in the primary grade. While seventy-five pupils were present at the opening Monday, assurances were given that at least twenty-five more would be present the next week. We have one of the best schools in the State, and with the excellent corps of teachers this term promises to be better than ever before.

R. A. Turner and daughter, Miss Mattie, are on a visit to Port Orange.

C. W. Wells visited Gainesville Tuesday.

Mrs. C. O. Wetherington has returned from Cedar Key.

Rufus Dell of Dutton spent Sunday in the city.

Miss Daisy Dell spent Sunday with her parents at Traxler.

Last Friday evening the young people had a very enjoyable time at the home of Mrs. H. V. Hawkins, the entertainment being given in honor of the departure of Miss Ruby Hawkins, who left Saturday for Tacoma to take charge of her school. The time was spent in playing games of various kinds, and in the game of abbreviations of States a prize was offered, which was won by Bernie Mason. At 10 o'clock delightful refreshments were served, and the happy crowd thanked their hostess for their pleasant evening and returned to their respective homes.

The Alachua baseball nine gave an ice cream supper Tuesday night, the proceeds to be used in securing new players.

THE YELLOW FEVER.

One New Case at Pensacola—Only One
Death at New Orleans.

Pensacola, Sept. 20.—Total number of cases, 44; total deaths, 9; one new case. There are three cases under treatment and 32 discharged. Dr. Porter says the situation is very encouraging.

At New Orleans.

New Orleans, Sept. 20.—From 6 p. m. yesterday up to noon today there were 13 new cases and one death. Under the circumstances this is a most favorable showing.

Elsewhere.

At Leeville, La., the fever is nearly wiped out. It was as bad there as at any place.

The postmaster at Natchez, Miss., is down with yellow fever, the first case in the fashionable neighborhood.

Surveying Party Returns.

Surveyor Chas. S. Hill, Benj. P. Richards, Jr., Ralph Parrish and J. Mosby Taylor returned yesterday from the Withlacoochee river country, where they have been for the past few weeks engaged in surveying large tracts of land for the Cummer Lumber Company. The Cummer Company owns immense bodies of fine timber throughout that section, and with possessions in other parts of the State keeps the surveying party constantly engaged.

Attention, Subscribers.

Subscribers to The Twice-a-Week Sun need not wait until they come to the city to pay their subscription, as they can send same through the mail or make settlement with the postmaster. The date to which your subscription is paid is printed opposite your name, and we would appreciate prompt renewal, as our own bills have to be paid weekly.

An attempt was made to assassinate Sheriff Wyatt and Chief Deputy Joiner of Manatee county Monday night near Bradentown. The officers were riding along the road when a party of negroes fired upon them from ambush. Neither was hit. The officers returned the fire, killing one negro. The others escaped but are being pursued by a posse.

FIVE INJURED BY EXPLOSION.

One Man Is Supposed To Be Fatally
Injured—Terrific Shock.

New York, Sept. 20.—Five men were seriously injured, and one, Patrick Brady, will probably die, as a result of the explosion of a 1600 horse power boiler in the United Electric Light and Power company in East Twenty-ninth street, last night.

In the room where the explosion occurred are 15 1600-horse power boilers. Matthew Kerr, the engineer, 12 firemen and half a dozen coal passers, were keeping the boilers going when there came a roar from boiler No. 5. Dazed by the shock and blistered by the steam, the men made a wild rush for safety, and most of them escaped before they were seriously burned.

It was discovered later that Brady was missing, and one of the men dashed back into the scalding steam and stumbled across Brady's body. He was dragged out unconscious, and terribly scalded.

The force of the explosion shook the buildings for several blocks around.

FLOODS COST ROAD \$2,000,000.

Santa Fe Railroad Is a Heavy Loser
on Account of High Waters.

Chicago, Sept. 20.—Western floods caused the Santa Fe railroad a loss of more than \$2,000,000 in the fiscal year just closed. This is stated in the annual report made public yesterday, showing gross earnings amounting to more than \$68,000,000. It is said the Santa Fe's new trans-continental line will be completed by the end of this year.

The line will be shorter than the Trinidad route; will avoid two mountain ranges between Trinidad and Albuquerque, and will be less exposed to interruption by freshets. By the close of the year it is given out, a total of 322 miles of double track will have been completed, the longest stretch of which is between Holiday and Emporia, 54 miles. Sixteen miles of double track already are in operation, and the total double track construction for the year will be 161 miles.

Notorious Cracksmen, Dead.

New York, Sept. 20.—Chas. Edwards a notorious cracksmen, was found dead yesterday in a stable. The kick of a horse had torn the top of his head off. Edwards was a member of the famous Jimmy Hope gang and was known as the "second story" Edwards. He had been in jail 33 times, several terms being for burglary. He was also a noted trickster, having traveled all over the country with various circuses, and has often amused the children by sticking needles and hot pins into his body and eating glass. His widow and three children refused to claim the body and it will be buried in the potter's field.

World's Fair for New York.

New York, Sept. 20.—Active work is going on in this city looking toward a permanent world's fair, to be opened in 1909, in celebration of the tricentennial celebration of the discovery of the Hudson river. Officers have been secured in Manhattan and Peekskill for the promotion of the enterprise, and with the return of Governor Hughes from Europe, Sept. 22, it is expected the project will assume concrete form.

River Still Rising.

St. Louis, Sept. 20.—The stage of Missouri river measured 27.00 feet forenoon, a rise of over 14 feet in 24 hours, and the floodtide was still rising higher, although slowly. In opinion of the river men the crest of the freshet will have been reached within the next 24 hours, and it not go over the danger line. Groups of laborers have moved all merchandise from the levee to places of safety, and there is now no danger from a higher stage of the river.

Negroes Ambush Sheriff.

Tampa, Fla., Sept. 20.—An attempt was made to assassinate Sheriff J. H. Smith and Chief Deputy Joiner of Manatee county, near Bradentown. The officers were riding along the road when a party of negroes fired upon them from ambush. Neither was hit, and the officers returned the fire, killing one negro. The others escaped, but are being pursued by a posse.

Florida has no cotton mills, yet the state produces as fine cotton as can be raised the world over.

Dispatches from Berlin announce that cholera is extending. There had been 60 deaths and 183 cases.

The population of Gainesville is rapidly growing and there is no doubt that it will reach 7,000 by the opening of spring.

When The Atlanta Constitution is on political slush they fill up the page with a double column ad on "our guaranteed circulation."

Because a young lady was "half burned" at one time and "half scared to death" at another time, it is no sign of death. It might have been the other half in each instance.

There is not much difference in mobs world over. In Russia they murder Jews, in Japan they burn churches and murder Christians, while in this country they go for the man who has committed some crime.

The recent revelations in regard to big insurance companies giving money to the Republican campaign and, as the Democratic presidential nominee alleged, proves the old assertion that "you can't fool old Parker."

The W. C. T. U. of Atlanta presented the city with a drinking fountain Sunday. The city attorney accepted it on behalf of the municipality, as he is undoubtedly better acquainted with that kind of thirst quencher than the mayor.

Those papers that have been making much of the Pardoning Board and Governor's delay, etc., will soon have the matter settled. The Young Men's Democratic League of Jacksonville will be all in debate. The subject of the will be: "Resolved, That the exercise of justice have been perverted by the liberal exercise of the pardoning power in the State of Florida."

Man thinks he loves his wife and her and because he works hard for their support he needs no other love than that he loves them. Perhaps not, but when he constantly reminds them of the expense they are to him and seems to begrudge every dollar to maintain the home and support the family, he spoils the happiness of his family circle by selfish thought.

AN IMPORTANT NOTICE.

Business men of the county, manufacturers, and all who are engaged in any way in any enterprise that they desire to have come before the people of the State, should secure space in the columns of the Industrial Edition of The Gainesville Daily Sun, which will print a very attractive edition of 20,000 copies, to be distributed at the State Midwinter Fair at Tampa, November 15th to 30th, with the exception of a few hundred copies that will be retained here for our local patrons.

This edition will set forth the advantages of Alachua county in every detail, showing up her resources, and will be an excellent medium in which owners of land over the county can place their advertisements to bring them before those who are looking for a place to settle.

The city of Gainesville will also be prominently mentioned in this edition, and there will be printed many fine illustrations of its beautiful homes, public buildings and the natural beauty of the city and surrounding country. It is the intention of the publisher to have an illustration of the State University buildings, if the plans can be secured in time.

Every city and hamlet in the county should make an effort to see that their interests are represented. Every professional man in the county should have his name and profession in this edition, which will be a county directory of the business and professional men.

The space reserved for advertising will be limited and those wishing to take advantage of this excellent opportunity should address H. H. McCreary, Publisher, Gainesville, Fla.

CORN IN FLORIDA.

Florida does not cut much of a figure as a corn-growing State, but there is good reason for much of the poor corn yield in various sections. The fault lies with the tiller of the soil, as well as the soil itself, in many instances, as corn should have considerable care. And, too, the land should have some sort of fertilizer. In the corn belt of the West the soil is black with the natural fertilizer that accumulated before it was ever touched with the plow.

The corn crop of Florida in many instances is not regarded by farmers as worthy of much attention. A farmer, when asked in regard to planting corn, said: "Oh, I plant corn any old time and don't expect a very big crop." In the North the hot season, with plenty of rain, makes the corn grow, and the land is also supplied with good barnyard manure. It is also cultivated twice as much as in this State, the soil being kept well stirred up.

In speaking of raising corn in this State, The Florida Agriculturist says that there should be a general abandonment of the very tall varieties that furnish more growth of stalk than grain. As the stalks are seldom used in this State, a low-growing variety would be more profitable, as it would leave more of the elements of fertility contained in the soil for the formation of the grain. Every corn grower should try new kinds of corn until he finds one suited to his circumstances and conditions. Having found it, he should begin at once to improve it by selection until it is just what he needs. It has been done elsewhere and can be done here.

IMMIGRATION.

The formal call for a conference of Southern representatives to meet in Chattanooga, in November, for the purpose of making an effort to secure desirable immigrants for the South, has been issued.

The object of the meeting should be of interest to all who are desirous of advancing the South, and while there is room for many thousands to build them good homes and lay aside money for future use, the space should be limited for the worthless class that are pouring into this country from foreign prisons. They are wholly undesirable, and it would be impossible to have them affiliate with our institutions.

The Sun has advocated the urging of Germans, Dutch, Swedes and Danes to locate on farms in Florida, where they can carry on gardening and other branches for which they are adapted, and as these people are sure to become citizens, remain here and raise large families, they are most preferred, as they are in most cases noted for their integrity and industrious habits. They seldom create discord, and their children grow up to become good American citizens.

The men at the head of this movement are what is needed to make it a success, as they comprise the govern-

nors of several States, congressmen, senators, railroad and newspaper men, besides others engaged in pursuits that desire the development of the country to be in good hands.

At this meeting a system of quarantine will be introduced and discussed that it is hoped will put a check on the dumping of every class of foreign rubbish on our shores.

THE PINDAR CROP.

The government statisticians have just issued a very interesting document on the ground-pea or pindar, called by the United States report the "peanut." It does not matter about the name, however, so long as we are made aware of the good qualities of this growing product. It is sold over the land in large quantities, taking the place of salted almonds in many instances, used between the acts at theaters and between heats at races, and is said to be the only article that will effectually take away a whiskey breath and leave a very pleasant nutty aroma. A five-cent sack of roasted pindars will save a large amount of explanations when eaten just before going home late at night, as they absorb the alcohol in the stomach and send a man home in a sober state.

The peanut vines are also good for a fodder crop, and are grown for that purpose as well. At the time the last census was taken there were 203,946 acres devoted to the culture of peanuts, and the data shows that the crop is steadily growing in popularity. If the vines are desired for hay, the government statistician sagely remarks, they should be hung on poles until thoroughly cured, after which they may be hauled to the barn. Peanut hay is worth \$10 a ton, and the crop should be from one to three tons to the acre—not counting the value of the nuts themselves. On the whole, the government statisticians are inclined to wax enthusiastic about the possibilities of the succulent goober, both as a food for man and beast, and they likewise point out that there exists one or two communities which import peanuts from the South and export olive oil to all the world, which suggests that there are even greater possibilities in the goober than the South, which raises it, had suspected.

CORRUPTION FUND.

Some of the old-time Democrats who have policies in the New York Life Insurance Company will be pleased to learn that this company dropped \$48,000 into the last Republican National campaign fund, and no one knows how many more before that. The trust companies are also in league with the said insurance companies, so by voting the Republican ticket you aid the concerns that combine to freeze out the legitimate business enterprises of the country.

The money used by the Republican party to buy votes is thus taken from all classes and it is a method of blackmail on the part of the party, and theft on the part of the insurance company that the law has not been able to reach so far.

Yet people will put their faith in the party that is constantly putting the screws tighter on them, maintaining in power men who have not the slightest regard for their condition.

THE RIGHT SORT.

Occasionally the publisher meets with a word of encouragement that has a tendency to cheer him on his way more than a check for a thousand from some disgruntled kicker who pays under protest. The following letter tells the story very plainly and honestly:

"CADILLAC, FLA., Sept. 12.

"Editor Sun: Dear Sir—I received your letter asking me if I desired the paper continued. Yes, please send it. I cannot possibly do without it in my house. I believe I would work one month for a dollar before I would be without The Sun.

"Yours truly,

"SILAS DAVIS"

Mr. Davis is the right sort of a man, and we hope he may never be obliged to do as he offers to, but may live many years to enjoy The Sun-shine in his house.

Blind tigers are no respecters of communities, and as they are probably led, owing to their affliction, are sometimes found in the jungles that have a license law. A few days ago one of these carnivora was found in Ybor City, and when cornered by the officers tried to escape punishment by offering the minions of the law a bribe. Tigers are no respecters of localities. They lurk where they can find anything to prey upon.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but, after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At all drug stores; 50c and \$1; guaranteed. Trial bottle free.

Death of Good Man.

Friends of T. J. McRae of Hawthorn will sympathize with him in the recent death of his father, Judge M. N. McRae, which occurred in Lumber City, Georgia.

Deceased had lived four score and ten, being eighty-seven years of age at the time of his demise. During the Civil War he was engaged in the Confederate service, being in charge of the commissary department. He was prominent in politics, and represented his senatorial district in the Constitutional Convention of Georgia in 1878. He was for sixty-five years a member of the Methodist church, and up to a few years ago was an earnest and faithful worker in his church.

Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. Mrs. Wm. M. Americans Given Luncheon.

Paris, Sept. 19.—Minister of War Bertreaux and Mme. Bertreaux gave a luncheon today to Lieutenant General Adna R. Chaffee, Brigadier General Franklin Bell and Brigadier General William Crozier and their wives and staffs at the ministry of war, which was handsomely decorated. The guests included a representative of President Loubet, several cabinet ministers, officers of the army and navy, Ambassador McCormick and Ambassador Jusserand. The band of the Republican Guard furnished the music. There were no formal toasts but many exchanges of amenities between representatives of the French and American armies.

Dr. Finn's Testimony Interesting.

Dr. Thomas Finn of Boonsboro, Mo., who has practiced medicine for 32 years, says he has used every prescription known to the profession for treatment of kidney and bladder diseases, and says he has never found anything so effective in both chronic and acute kidney and bladder trouble as Foley's Kidney Cure. It stops irregularities and builds up the whole system. J. W.

Drummer Drank Laudanum. Spartanburg, S. C., Sept. 19.—Arthur Sterrett, a traveling salesman for a Baltimore dry goods house, arrived here and securing a room at the Spartan inn, drank a bottle of laudanum. His action was noted by an employee, but physicians were unable to save him, and he died at 5 o'clock. Sterrett was 25 years old and unmarried. His headquarters were in Charlotte. No cause is assigned for his action.

Carolina Mob Kill Negro.

Honea Patch, S. C., Sept. 19.—About 2 miles below here, in Abbeville county, Sam and Jim Moore, two white men, got into a difficulty with Allen Pendleton and another negro. A fight followed in which Jim Moore was cut and killed by Pendleton. Pendleton escaped, and was captured by a crowd about half a mile below here. He was carried back to the scene of the killing and shot by a about a dozen men.

Gainesville Inspectors Will Not Put Passengers Off Train.

Several days ago there appeared an article in The Sun to the effect that a citizen, traveling from Gainesville to Jacksonville, could not produce a health certificate and would have been put off the train had it not been for the fact that another citizen, personally known to the conductor and health officer, vouched for the fact that he had not been in any infected district within ten days.

The city board of health of Jacksonville, in violation of the law of the state board of health, it seems, established a quarantine of its own. Inspectors were employed to meet the train at Baldwin, and if a fellow could not produce a clean bill of health he was trouble. As a result the traveling public, especially those on the Cedar Key-Jacksonville train, were subjected to considerable inconvenience and a serious protest was made.

Mr. J. Harrison Hodges of this city, county agent of the State board of health, wired Dr. Porter, president, to ascertain by what right, if any, the Jacksonville board of health could establish quarantine against all sections of the State without authority of the State board. Dr. Porter replied that the Jacksonville board had no right and were violating the laws of the State board in maintaining a quarantine.

The Times-Union of the 18th instant states that the quarantine has been withdrawn, owing to the objection of Gainesville, and in future passengers will not be required to produce certificates.

HAD TWO LIVING WIVES.

Longshoreman in New York a Typical Jekyle and Hyde.

New York, Sept. 19.—John Grady, longshoreman earning \$12 a week was arrested yesterday charged with bigamy. It was found according to the complaint of his first wife, that he was maintaining a second establishment near his old home, while he pretended to be earning double wages by acting as a night watchman.

Grady and wife were married 11 years ago. There are five children—all girls. Recently his first wife says Grady began to stay out nights. A few nights ago, the longshoreman entertained a party of friends and the beer can made frequent trips. Grady's tongue began to wag and later he talked in his sleep.

Early next morning Mrs. Grady went on a sleuthing tour, which resulted in her finding the second household.

SOCIETY OF THE CUMBERLAND.

Annual Reunion of the Veterans of This Army in Chattanooga.

Chattanooga, Tenn., Sept. 19.—The Society of the Army of the Cumberland met today in its annual reunion. There are several hundred men present, many of them prominent in the west, north and east. Although the attendance has been cut down by fear of possible danger of yellow fever, at 10 o'clock this morning the convention was called to order by Acting General James Barnett. The invocation was pronounced by Dr. J. H. Race, of Grant university and Mayor A. W. Campbell delivered an address of welcome.

This afternoon excursions will be taken to the battlefields of Missionary Ridge and Orchard Knob. At night the annual oration will be delivered by Colonel John D. McCook, of New York city. The music is furnished by the band of the Twelfth cavalry stationed at Fort Oglethorpe.

Woman Killed by Jilted Man.

Crown Point, Ind., Sept. 19.—Harry Homan, of Hammond, Ind., scion of a wealthy family, angered because his fiancée of five years had married Chas. Jeannette, of Steger, Ill., in the presence of many persons, fired four bullets into his former sweetheart's heart and then killed himself. Miss Ida Taylor had been betrothed to Homan for five years, but two weeks ago she was married to Jeannette. Vowing vengeance, Homan came to Crown Point Saturday and secured a room at the hotel, where the Jeannettes staid.

Honored by His Countrymen.

New York, Sept. 19.—Prominent residents of this city yesterday paid tribute to Captain Stephen J. Lang of St. Louis, who was a trusted lieutenant of Louis Kossuth during his efforts to achieve independence for his native land. Captain Lang, who is 66, is spending the summer at Avenue, L. I. He had decided to spend the winter in this city, but an attack of illness compelled him to give up this idea and he returned last night to St. Louis.

The Twice-a-Week Sun being entitled to permit the casting of 200 votes in the free library contest for each yearly subscription paid for, the ladies of Kirby Smith Chapter, U. D. G., take this method of notifying those who pay their subscriptions prior to 7 o'clock p. m. of October 14th, 1908, or who have paid since June 14th, 1906, that the Chapter will greatly appreciate their support. Should the Chapter win the library the reference books will be given to the Gainesville High School, where they are badly needed, and the others to the Hospital Association. Simply write the editor of The Sun to permit Mrs. J. M. Kinney, Jr., to cast your vote.

In the game of baseball between the Fats and the Leans at High Spring Monday afternoon, which was played for a charity benefit, the Leans were victorious, the score being 9 to 5. The game was largely attended and those present enjoyed the contest immensely.

Misses Lillian and Margaret Morrison of High Springs returned to their home yesterday, after a pleasant visit to Dr. and Mrs. J. H. Alderman.
